OVERVIEW of ACTIVITIES
BOARD PARTICIPATION

The Board of Directors met twice this year. Emphasis was placed on establishing marketing and promotional activities and conducting research to assist in the betterment and development of Nebraska’s grape and wine industry. The Nebraska Grape and Winery Board approved $4,309 from the winery and grape producers’ promotional fund to pay for the Nebraska Winery and Grape Growers’ Association’s (NWGGA) marketing and promotional activities conducted this year. This money was used to pay for the production cost of developing the Nebraska Wine Trail Map brochure. The brochure is a marketing piece to promote Nebraska’s vineyards and to guide visitors to our state’s wineries.

The Board also approved the allocation of $1,547 to the University of Nebraska–Lincoln Viticulture Program to partially pay for two projects. The first was to begin an interdisciplinary project to monitor vineyards in several parts of the state for environmental and pest parameters, with a goal of garnering information that will enable the Viticulture Program to provide assistance to Nebraska’s grape growers and ultimately help the wineries as they pursue identification of terroirs and possible establishment of American Viticulture Areas in Nebraska. The second was to begin conducting an experiment to compare the performance of important Nebraska-grown grape cultivars on different trellis systems.

In March, the Board decided to allocate an additional $300 to UNL’s Viticulture Program to be spent during the 2005-06 fiscal year. However, by the time an amendment to the original agreement was signed by all parties involved, UNL’s fiscal year had already closed and the money could not be transferred. The funds will carry over into the next fiscal year. The Board will have the discretion to spend the funds how they please, but will consider allocating this amount to the UNL Viticulture Program for FY 2006-07.

Promotion of Nebraska’s grape and winery industry is a primary goal of the Board. The Board helps the grape and wine industry become a strong and important part of Nebraska’s thriving economy. They stay abreast of recent legislation affecting Nebraska’s grape and wine industry, support NWGGA activities, and work closely with the University of Nebraska to receive guidance and education regarding research in this industry.

The Board approved a budget. The Treasurer’s report indicated an ending cash balance of $1,401.54 as of June 30, 2006.

The minutes from the meetings, this year’s contracts, the budget, by-laws, and statutes can be found on the following pages.

President Nelson opened the meeting at 7:40 a.m.  Jeffers moved and Ryan seconded that the agenda be approved as presented.  The motion carried unanimously.  Jeffers moved and Ryan seconded that the minutes of the March 4th meeting be approved.  The motion carried unanimously.

Old Business:

Casey Foster updated us on the current budget (attached).  Estimates of “crush fees” to be collected in January from the wineries are about the same as last year.  We intend on allocating available funds in about the same manner as in the past.  The annual report is due to be published at the end of the year, so if there are any additional items we would like in it, we should get it to Casey soon.

Steve Gamet gave the UNL report for Dr. Paul Read, who is doing research in Australia.  The interdisciplinary study involving 13 cooperating vineyards throughout the state is showing some interesting results.  Some Asian lady beetles appeared again this year in some vineyards, but generally after the fruit was harvested.  Data shows there is a 2 to 3 degree difference in temperature from the ground up to the canopy at 36”.  UNL’s research vineyards produced good tonnage this harvest, except for Lacrosse and DeChaunac, and pH and total acid levels were also good.  Disease pressures were light in those locations also.  The 9th Annual Nebraska Winery and Grape Growers Forum and Trade show scheduled for March 3 and 4, 2006, is in development.  Kathryn Mansfield, Terry Bates, and Kris Sperry are the scheduled speakers.  At least one “round table” discussion is planned.  Jeffers questioned whether the $1,000 per speaker cost to
bring them here, was worth it. He indicated that local or regional speakers may be more helpful. He also questioned whether the weather station data that UNL was gathering was of any use to other growers. It isn’t to his operation. Nelson indicated that the conferences will be changing based on our input, and that from the NWGGA. Max and Dave stated the mechanisms are now in place within NWGGA to make sure that ideas and needs from its members are sent to UNL.

**New Business:**

Jeffers updated the information that he brought to us a year ago comparing the Nebraska industry to Missouri’s. Discussion was held as to whether an update of the growers’ survey that we and the Nebraska Department of Agriculture (NDA) did in early 2005, was needed. Max indicated that as fast as the industry was growing, it probably should be an annual survey, at least for now. Casey will check to see if NDA has the funds to pay for it again. Ryan moved and Jeffers seconded that we conduct the survey again, and work out the details of any changes by e-mail before the next meeting. The motion carried unanimously. We hope to have the forms available at the spring conference to reduce mailing costs, and increase participation.

Nelson reminded us that we had previously discussed instituting a Quality Assurance Program, had earmarked $1,000 to help start it, and felt the newly established Winery Council within the NWGGA would be the entity to do it. Max said that it is looking into how to do it and that it is a priority for the Winery Council. Jim pointed out that Missouri has a good program in place now that may be helpful.

Nelson updated us on the Nebraska Liquor Control requests for 75/25 waivers. Soaring Wings and Meyers Winery had both asked for and have been granted waivers for actual losses from frost damage. The Commission found there was no legal way to require a winery to pay the “price differential” that we discussed with them in September 2004. They are concerned that Meyers apparently brought in out-of-state concentrate instead of juice and will follow-up on that item.

Casey was asked to check and see how replacements for ex-officio members of the Board are to be chosen. Darrel Nelson from UNL has recently retired.

**Other Business:**

The next meeting is scheduled for 7:30 a.m., Friday, March 3, 2006, at the Kearney Holiday Inn, in conjunction with the Spring Forum and Trade Show.

The meeting was adjourned at 8:50 a.m.

President Nelson opened the meeting at 7:05 a.m. After adding the NWGGA report to the agenda under New Business, Moody moved and Ryan seconded that the agenda be approved as amended. The motion carried unanimously. Moody moved and Ryan seconded that the minutes from the November 5, 2005, meeting be approved. The motion carried unanimously. Moody moved and Ryan seconded that the current officers (Nelson - President; Jeffers - Vice-President; Ryan - Secretary;) be re-elected for another one-year term. The motion carried unanimously.

**Old Business:**

Casey Foster updated us on this year’s budget (attached). There has been $1,547 allocated to the UNL Viticulture Department, and $3,609 to the NWGGA, leaving $1,617 left to allocate. Ryan moved and Moody seconded that we allocate $600 for a new grower’s survey, $300 to the UNL Viticulture Program, and $700 to the NWGGA for promotion expenses. The motion carried unanimously.

During the discussion of our 2006-2007 budget, it was felt a Quality Assurance Program should be funded. Ryan moved and Moody seconded that we budget $500 for administrative expenses, $600 for a third grower’s survey, and $1,000 to the NWGGA-Winery Council to develop a Quality Assurance Program. Of the remaining funds, 30% be allocated to UNL Viticulture Program for continued research and 70% to the NWGGA for promotion of the industry. The motion carried with three votes for and one vote against.
**New Business:**

Dave Hanna, NWGGA President Elect, gave us an update of NWGGA activities. He made it clear that a proposal in the Legislature (LB 964) would have changed the make up of the Grape and Winery Board and was not initiated by, nor supported by the NWGGA, even though a member of the organization gave that impression at the Agriculture Committee’s public hearing. Dave also indicated they were working closer with the Nebraska Liquor Control Commission to improve communication, and the organization would do whatever it could to help us accomplish our goals. Nelson reminded Dave that if they needed our help, we, too, would do whatever we could to help the industry.

It was decided to send the 2005 growers survey, an updated version of the 2004 survey, in cooperation with the UNL Viticulture Department, out by April 1st, and include a cover letter and postage paid return envelope, or “fold-over form.” A pared down version of the Vine Lines mailing list will be used. Jeffers will develop a draft version, and send it to us for final approval before mailing them. In the discussions, Dr. Read reminded us again that the University’s role is research and providing information to growers/potential growers, and not promoting growing grapes.

Discussion of the effectiveness of the Board centered on our statutory limitations. President Nelson was directed to write a letter to the Nebraska Liquor Control Commission asking that they keep us more informed of issues directly related to our industry, especially requests for waiver of the 75/25 rule.

Trish Lengle updated us on the status of several Legislative Bills (LB 811, 1004, 562, 1008, 1053, 964, 785) in the Legislature that affect our industry. She also emphasized that it is important to be consistent in providing information about the industry to the Legislature. The confusion surrounding LB 964 did not help. She also reminded us that partially because of term limits, the next Legislature may need additional help in learning how important the industry is to the state.

Paul Read highlighted the UNL Viticulture Department’s activities including plans for 2006.

The next meeting will be scheduled in conjunction with UNL’s fall workshop in early November.

Jeffers moved and Ryan seconded to adjourn at 8:30 a.m. The motion carried unanimously.

53-123.11  Farm winery license; rights of licensee.

Farm winery license; rights of licensee.

(1) A farm winery license shall entitle the holder to:

(a) Sell wines produced at the farm winery onsite at wholesale and retail and to sell wines produced at the farm winery at off-premises sites holding the appropriate retail license;

(b) Sell wines produced at the farm winery at retail for consumption on the premises;

(c) Ship wines produced at the farm winery by common carrier and sold at retail to recipients in and outside the State of Nebraska, if the output of such farm winery for each calendar year as reported to the commission by December 31 of each year does not exceed thirty thousand gallons. In the event such amount exceeds thirty thousand gallons, the farm winery shall be required to use a licensed wholesaler to distribute its wines for the following calendar year, except that this requirement shall not apply to wines produced and sold onsite at the farm winery pursuant to subdivision (1)(a) of this section; and

(d) Allow sampling of the wine at the farm winery and at one branch outlet in the state in reasonable amounts.
(2) No farm winery shall manufacture wine in excess of fifty thousand gallons per year.

53-123.12 Farm winery license; application requirements; fees. Any person desiring to obtain a new license to operate a farm winery shall:

(1) File an application with the commission in triplicate original upon such forms as the commission from time to time prescribes;

No such license shall then be issued by the commission until the expiration of at least forty-five days from the date of mailing of such application by the commission. (1) In the event the operator of a farm winery is unable to produce or purchase seventy-five percent of the grapes, fruit, or other suitable agricultural products used in the farm winery from within the state due to natural disaster which causes substantial loss to the Nebraska-grown crop, such operator may petition the commission to waive the seventy-five-percent requirement prescribed in subdivision (32) of section 53-103 for one year.

(2) It shall be within the discretion of the commission to waive the seventy-five percent requirement taking into consideration the availability of products used in farm wineries in this area and the ability of such operator to produce wine from products that are abundant within the state.
