OVERVIEW of ACTIVITIES
BOARD PARTICIPATION

The Board of Directors met three times this fiscal year (July 1, 2006 – June 30, 2007). Emphasis was placed on establishing marketing and promotional activities and conducting research to assist in the betterment and development of Nebraska’s grape and wine industry. The Nebraska Grape and Winery Board approved $9,200 from the Winery and Grape Producers’ Promotional Fund to pay for the development of an NWGGA Display Booth and an Economic Impact Statement. The Economic Impact Statement measured the grape and wine industry’s influence on Nebraska’s economy. The Board also funded a Nebraska Grape Growers' Survey in an effort to determine the number of grape vines planted in Nebraska and the harvested tonnage in 2006.

From the total allocation amount, $2,700 was directed to the University of Nebraska - Lincoln Viticulture Program to partially pay for three projects. The first was an interdisciplinary project to monitor vineyards in several parts of the state for environmental and pest parameters. The second was an experiment comparing the performance of important Nebraska-grown grape cultivars on different trellis systems. The third consisted of a study of the adaptation of Marquette grapevines on four different trellis systems. The purpose of all studies were to garner information that will enable the Viticulture Program to provide assistance to Nebraska’s grape growers and ultimately help the wineries as they pursue identification of terroirs and possible establishment of American Viticulture Areas in Nebraska.

Promotion of Nebraska’s grape and winery industry is a primary goal of the Board. The Board helps the grape and wine industry become a strong and important part of Nebraska’s thriving economy. The Board stays abreast of recent legislation affecting Nebraska’s grape and wine industry, support NWGGA activities, and work closely with the University of Nebraska to receive guidance and education based upon industry research.

The Board approved a budget for this fiscal year, but it was later adjusted in March to reflect the increase in revenue. The Board initially estimated revenue to be equivalent to $8,480. However, the January balance sheet indicated revenue of $10,033.02. The increased availability of funds enabled the Board to fund additional proposals. A total of four projects were approved for funding during the 2006-07 fiscal year.

This annual report includes meeting minutes, contracts, budget, by-laws, statutes, and legislation.
President Nelson opened the meeting at 7:40 a.m. McFarland moved and Ryan seconded that the agenda be approved. The motion carried unanimously. Ryan moved and Nelson seconded that the minutes of the March 3, 2006, meeting be approved. The motion carried unanimously.

Old Business

The Board officially welcomed new appointees, Ellen Burdick and Max McFarland, to the Board. Paul Read updated us on Bob Curttright’s condition. He is very upbeat but still extremely ill, and wishes he could be here with us. The need for a Vice-Chairman to fill the vacancy left by Jim Jeffers was then discussed. Ryan moved, and Burdick seconded that we elect Max McFarland as Vice-Chair of the Board. The motion carried unanimously.

Casey Foster gave an update on the Board’s financial status. As of October 2006, the Board’s ending cash balance was $1,437.23. If revenue generated from the wineries last year will be the same as this year, approximately $7,000 will be deposited into the Board’s account in January 2007. This revenue is a result of fees charged to wineries for juice they produce or receive.

At the last meeting, the Board chose to allocate an additional $300 to UNL's Viticulture Program for the 2005-06 fiscal year. This was in addition to the $1,587 allocated to UNL earlier in the year. However, by the time the amendment was written and signed by all the parties involved to allow for the transfer of these funds, UNL's fiscal year had closed and the money could not be transferred. The amendment, in the amount of $300, was voided and the funds were not transferred to UNL Viticulture Program. However, these unspent funds carried over into this fiscal year. McFarland moved and
Ryan seconded that these unspent funds in the amount of $300 be re-allocated to the UNL Viticulture Program so they can be used this fiscal year (FY 2006-07). The motion carried unanimously.

McFarland moved and Ryan seconded that the Board allocate $300 to the UNL Viticulture Program for this fiscal year (FY 2006-07) for trellis research materials and field day expenses. The motion carried unanimously. The Nebraska Department of Agriculture will write a contract that will allow for the transfer funds. The contract will be in the amount of $600 ($300 from FY 2005-06 and $300 from FY 2006-07). A written report will be provided to the Board at the next meeting.

New Business

Nelson explained that the survey planned last spring was not completed for a variety of reasons and wondered if the Board still felt one should be done. Burdick asked about the effectiveness of the first one conducted in 2004. A culled-down list from UNL’s Vinelines mailing list was used and there were approximately 200 responses. This list can be used again, but the Board may also be able to include the NWGGA’s mailing list too. The Board agreed that a survey could provide some good information for the next Legislative session, if it could be completed in time. Burdick asked if the same information could be gathered from the USDA’s FSA farm program data or from Nebraska’s Liquor Control Commission’s wine production data. Foster had checked with some private firms to see if they could conduct the survey, but was unable to obtain any bids. If the survey is done, the Department of Agriculture would provide the paper and labor (stuffing of envelopes) involved in this process, but the Board would be responsible for paying for postage expenses. McFarland felt that it should be emphasized that it is the Board’s survey, and it is not being conducted by any one individual for personal purposes. The Board agreed. Burdick moved and Ryan seconded that the Board conduct the survey as soon as possible. The motion carried unanimously. Ryan agreed to try to find the updated survey that was to be used last spring or develop a new one.

Other Business

Dr. Read updated us on UNL’s research and handed out a brief summary. Speakers are being lined up for the 10th Annual Spring Forum to be held in Kearney, March 2-3, 2007. UNL received a grant to help with a two-day workshop that was held at Kimmel Orchard to “educate the Extension Educators.” Six states were involved and plans are to expand it next year, if funds are available. The research vineyards had good production this last year.

John Fischbach proposed that the Board provide him funds to maintain a web site that he has already launched to promote the industry. Due to time constraints, we decided to address it and any other new proposals at our next meeting.
Dr. Cunningham suggested that we do an RFP at future conferences to solicit ideas to review at the next meeting. Ryan moved and McFarland seconded that for the next meeting all proposals be submitted to the Board Secretary by February 17, 2007, so that they can be distributed to the Board for their review before the meeting. The motion carried unanimously.

The next meeting will be held at the Kearney conference on March 3rd, at that location, after the conference is finished.

Burdick moved and McFarland seconded that we adjourn at 8:37. The motion carried unanimously.

President Nelson opened the meeting at 3:05 p.m. McFarland moved and Holmquist seconded that the agenda be approved as presented. The motion carried unanimously. Ryan moved and Holmquist seconded that the minutes of the November 11, 2006, meeting be approved as presented. The motion carried unanimously.

The availability of funding was briefly discussed and its impact on our current budget. President Nelson explained the review process for the Applications for Funding and the subsequent contracts with the Nebraska Department of Agriculture to the Board and the applicants.

1st Proposal: Dave Hanna, on behalf of the NWGGA, explained the need for a statewide impact study of the grape industry in Nebraska and its potential benefits of the data obtained. The actual study would be conducted by the Nebraska Business Development Division from the University of Nebraska at Kearney.

2nd Proposal: Seth McFarland, on behalf of Mac’s Creek Vineyards, explained their proposed study methods of minimizing the effects of late spring frosts on grapevines. He also indicated that it was really too late in the growing season to start the project now and asked that we consider funding it as a project for next year.

3rd Proposal: Barry McFarland, on behalf of the NWGGA, explained the need for a new and more portable display booth set-up, including their new logo and tag line.
4th Proposal: Sharon Schilling, on behalf of the NWGGA, briefly explained their passport marketing proposal that they would like to begin yet this spring.

5th Proposal: Dr. Paul Read, from UNL’s Viticulture Program, explained the proposed trellis study for the new grape variety, Marquette, involving four different trellising systems. Additional funds would come from the Department’s funds. This will be a multi-year study.

6th Proposal: Dr. Paul Read, from UNL’s Viticulture Program, explained the proposed Nutrient Deficiency study in western Nebraska. This would also include additional funds from the Viticulture Department and continue for several years.

7th Proposal: The proposal from John Fischbach to fund a web site was previously withdrawn.

Old Business

UNL Report - Dr. Read updated us on the Frontenac study previously mailed to us, the scheduled summer field days, and the November 3, 2007, fall forum/workshop.

Election of Officers - Burdick moved and Holmquist seconded that the current officers be re-elected. The motion carried unanimously. (Nelson-President, McFarland-Vice President, Ryan-Secretary).

Budget - Casey Foster had previously explained the budget and availability of funds for the next fiscal year.

Update on Growers’ Survey - The NWGGA’s and UNL’s Vinelines mailing lists have been received and the survey will go to the Department of Agriculture to be stuffed and mailed. The results will be sent to and tabulated by the University of Nebraska at Kearney, Department of Education.

Wine Quality Assurance Program - there doesn’t appear to be enough support within the NWGGA’s Wine Council at this point to proceed.

New Business

President Nelson opened the meeting at 7:13 p.m. McFarland moved and Holmquist seconded to approve the agenda as presented. The motion carried unanimously. Holmquist moved and Burdick seconded that the proposed minutes from the March 3, 2007, meeting be approved with the following change: page 2, 7th proposal should read, “The proposal from John Fischbach to fund a web site was previously withdrawn because of incomplete information per the Grape and Wine Board’s Request for Proposal previously sent out to all interested applicants.” The motion carried unanimously.

Old Business

1. Budget Report: Casey presented the FY 2006-07 year-end report that was previously handed out. There is one outstanding bill for the NWGGA’s display booth, $2,200, that will be paid out of the next fiscal year’s budget. Costs for the grape grower’s survey, $535.05, will also be paid in this fiscal year. Other previously approved items have been paid. Holmquist moved and McFarland seconded that we approve the budget report. The motion carried unanimously.

2. Grape Growers’ Survey: Max reported that the results should soon be tabulated. Approximately 100 out of 747 surveys were returned. Aggregate numbers should be available in a week or so, and sent to the Board members, then to NWGGA, Department of Agriculture, and UNL. The survey was sent to a combination of NWGGA membership list and UNL’s Vinelines mailing list. The NWGGA’s webmaster will be contacted to get a reminder sent to members and
Paul will include a reminder in the next Vinelines to return the survey. McFarland moved and Ryan seconded to send final aggregate results of the survey to the NWGGA, UNL Viticulture Program, and the Nebraska Department of Agriculture. The motion carried unanimously.

New Business

1. Review LB 441: Bob Storant highlighted the new law, which goes into effect September 1, 2007. There are currently 168 out-of-state shipping licensees, at $500/license, which should generate $84,000 this next fiscal year, including the new excise tax. The funds should be available May 1 for our use. This would continue for five years. Projections from Liquor Control indicate a possible increase in the number of shipper licenses. LB 441A only appropriated the anticipated $69,000 from the shipper licenses, and not the excise taxes. However, since the excise tax funds were appropriated to the Department of Agriculture Promotion Fund, they will be available to us, also. The total that we can plan on would be $84,000. The new “Producers Checkoff” on grapes “for sale or delivery,” a penny/pound generating approximately $34,000 annually, would be collected at the point of first sale. Fees would be submitted semi-annually to the Nebraska Department of Agriculture. Grapes sold before September 1, 2007, would not be taxed. Administration of this new activity could cost as much as $7,000, annually. Any additional Legislative changes could be suggested if necessary. Compliance costs and issues are really unknown at this point. Collecting the fees and enforcement issues were also discussed. A question was raised whether grapes that are grown by the wineries would be subject to the checkoff. If a winery previously kept its vineyard as a separate entity and sold their grapes to the winery, then the tax would need to be paid. If the winery and vineyard operate as one entity, then they would probably be exempt. Since Section 2(1) of LB441 states: “. . . who resells any grapes or product produced from grapes;” those grapes probably would also be subject to the checkoff fee. Considerable discussion was held concerning when the funds would actually be available to be committed, when available to be spent, and the possible effect of carrying them over into the next fiscal year. If the NWGGA and the UNL Viticulture Department could provide us with their plans on how to assist in using these funds, at our November meeting, we would be able to consider that in our allocations. Most of the anticipated $10,000 of crush fees were already allocated at our March 2007, meeting. Any activities that are contracted for must include language that our funds cannot be paid out until they are available.

2. Discuss Fee Collection Procedures: Bob briefly discussed the process of collecting the fees, the timing, and from whom. Communications between the Department of Agriculture, growers, and wineries will be very helpful. A draft letter to the first purchasers was reviewed and discussed, and will be sent out the first week of August.
3. Establish Budget for 2007-08: It was decided to wait until the November meeting to establish the budget.

4. Determine Funding Allocations/RFP Process: As previously discussed, after we discuss strategic plans with the NWGGA and UNL Viticulture at our fall meeting, we will develop an appropriate RFP and process.

5. UNL Report: Dr. Read updated the Board on UNL’s activities. Trellising on the Marquette plots is being installed on UNL’s East Campus now, and the nutritional study with Jim Shields is ready to start with a couple growers in the Scottsbluff area. Field days were held in Gibbon and St. Paul last Saturday, and the Fall Workshop/Forum will be November 3. In spite of the obvious downside of the Easter freeze, it will provide the industry with some valuable data on the effects of this kind of weather event.

6. Other: Casey reminded us that state statutes allow voting Board members to be reimbursed for travel expenses for meetings. That will be reviewed in November. Meeting room expenses can either be paid by the Board or the Department of Agriculture. The Department of Agriculture now pays for the official meeting notices. These items will be considered for future expenses. Bob suggested we get a copy of the public meeting laws to have available at the meetings.

Other Business

1. Set date, time, and location for next meeting: The next meeting will be held Friday night at 7:30 p.m., November 2, 2007, in Lincoln, at a location to be determined.

2. Adjourn: MacFarland moved and Holmquist seconded that we adjourn at 9:41 p.m. The motion carried unanimously.

   a. The first is an interdisciplinary project to monitor vineyards in several parts of the state for environmental and pest parameters, with a goal of garnering information that will enable the Viticulture Program to provide assistance to Nebraska's grape growers and ultimately help the wineries as they pursue identification of terroirs and possible establishment of American Viticultural Areas in Nebraska.
b. The second is to conduct an experiment to compare the performance of important Nebraska-grown grape cultivars on different trellis systems.

Six hundred dollars ($600) will partially pay for viticulture technologist salary, travel costs to visit sites, installation of monitoring devices, evaluation of trellis systems, material costs for installation of monitoring devices and trellis systems, and data acquisition and communication costs.

2. Duration of Agreement: This Agreement shall be in force and effective from July 1, 2006, to June 30, 2007.

   It is further understood and agreed that, if the Viticulture Program is in violation of this clause, it shall be barred forthwith from receiving further funds unless a satisfactory showing is

1. The Nebraska Grape and Winery Board approved two thousand one hundred dollars ($2,100) from the Winery and Grape Producers Promotional Fund to pay for a Viticulture Program activity. The procedure for this project will involve the following:
• Marquette grapevines will be planted in each cooperating state using the same four trellis systems—High Cordon (HC, the system employed when testing MN 1211 in the UNVP research site at Nemaha), Vertical Shoot Positioning (VSP), Smart-Dyson (SD) and Geneva Double Curtain (GDC). Spacing will be 8’ in rows 12’ apart.

• Each trellis system will be replicated four times with six vines per replication in a randomized block design.

• Border plants will be planted on the end of each row in the experimental planting.

• Standard vineyard management practices will be employed as practiced in the respective vineyards.

• Data will be taken from the middle four plants in each block of six vines.

• Data will be analyzed by LSD and SAS systems of analysis; analysis of variance, multiple comparisons and interactions will be analyzed based on Dr. David Marx’s recommendations including the use of the appropriate SAS Software Package (SAS Institute, Cary, North Carolina).

The goals of this project are to:

a. Conduct a study of Marquette (formerly designated as MN 1211) grapevines on four different trellis systems;

b. Compare yield and crop uniformity among four trellis systems;

c. Determine if the trellis system has an influence on cold-hardiness; and

53-123.11 **Farm winery license; rights of licensee.**

Farm winery license; rights of licensee.

(1) A farm winery license shall entitle the holder to:

(a) Sell wines produced at the farm winery onsite at wholesale and retail and to sell wines produced at the farm winery at off-premises sites holding the appropriate retail license;

(b) Sell wines produced at the farm winery at retail for consumption on the premises;

(c) Ship wines produced at the farm winery by common carrier and sold at retail to recipients in and outside the State of Nebraska, if the output of such farm winery for each calendar year as reported to the commission by December 31 of each year does not exceed thirty thousand gallons. In the event such amount exceeds thirty thousand gallons, the farm winery shall be required to use a licensed wholesaler to distribute its wines for the following calendar year, except that this requirement shall not apply to wines produced and sold onsite at the farm winery pursuant to subdivision (1)(a) of this section; and

(d) Allow sampling of the wine at the farm winery and at one branch outlet in the state in reasonable amounts.
(2) No farm winery shall manufacture wine in excess of fifty thousand gallons per year.

53-123.12 Farm winery license; application requirements; fees. Any person desiring to obtain a new license to operate a farm winery shall:

(1) File an application with the commission in triplicate original upon such forms as the commission from time to time prescribes;
(2) Pay the license fee to the commission under subdivision (2) of §53-124, which fee shall be returned to the applicant if the application is denied; and

License fees and registration fees may be paid to the commission by certified or cashier’s check of a bank within this state, personal or business check, United States post office money order, or cash in the full amount of such fees. The commission shall then notify, by registered or certified mail marked return receipt requested with postage prepaid, the municipal clerk of the city or incorporated village where such license is sought or, if the license is not sought within a city or incorporated village, the county clerk of the county where such license is sought of the receipt of the application and shall enclose with such notice one copy of the application. No such license shall then be issued by the commission until the expiration of at least forty-five days from the date of mailing of such application by the commission. Within thirty-five days from the date of receipt of such application from the commission, the local governing bodies of nearby cities or villages or the county may make and submit to the commission recommendations relative to the granting or refusal to grant such license to the applicant.

(1) In the event the operator of a farm winery is unable to produce or purchase seventy-five percent of the grapes, fruit, or other suitable agricultural products used in the farm winery from within the state due to natural disaster which causes substantial loss to the Nebraska-grown crop, such operator may petition the commission to waive the seventy-five-percent requirement prescribed in subdivision (32) of §53-103 for one year.

(2) It shall be within the discretion of the commission to waive the seventy-five percent requirement taking into consideration the availability of products used in farm wineries in this area and the ability of such operator to produce wine from products that are abundant within the state.

Be it enacted by the people of the State of Nebraska,

Section 1. Section 53-123.15, Reissue Revised Statutes of Nebraska, is amended to read:

53-123.15 (1) No person shall order or receive alcoholic liquor in this state which has been shipped directly to him or her from outside this state by any person other than a holder of a shipping license issued by the commission, except that a licensed wholesaler may receive not more than three gallons of wine in any calendar year from any person who is not a holder of a shipping license.

(2) The commission may issue a shipping license to a manufacturer. Such license shall allow the licensee to ship alcoholic liquor only to a licensed wholesaler, except that a licensed wholesaler may, without a shipping license and for the purposes of subdivision (2) of section 53-161, receive beer in this state which has been shipped from outside the state by a manufacturer in accordance with the Nebraska Liquor Control Act to the wholesaler, then transported by the wholesaler to another state for retail distribution, and then returned by the retailer to such wholesaler.

(3) The commission may issue a shipping license to any person who deals with vintage wines, which shipping license shall allow the licensee to distribute such wines to a licensed wholesaler in the state. For purposes of distributing vintage wines, a licensed shipper must utilize a designated wholesaler if the manufacturer has a designated wholesaler. For purposes of this section, vintage wine shall mean a wine verified to be ten years of age or older and not available from a primary American source of supply.

(4) The commission may issue a shipping license to any person who sells and ships alcoholic liquor from another state directly to a consumer in this state. Until April 30, 2012, such fee shall be collected by the commission and remitted to the State Treasurer for credit to the Winery and Grape Producers Promotional Fund.

(5) The application for a shipping license shall be in such form as the commission prescribes. The application shall contain all provisions the commission deems proper and necessary to effectuate the purpose of any section of the act and the rules and regulations of the commission that apply to manufacturers and shall include, but not be
limited to, provisions that the applicant, in consideration of the issuance of such shipping license, agrees:

(a) To comply with and be bound by section 53-164.01 in making and filing reports, paying taxes, penalties, and interest, and keeping records;

(b) To permit and be subject to all of the powers granted by section 53-164.01 to the commission or its duly authorized employees or agents for inspection and examination of the applicant’s premises and records and to pay the actual expenses, excluding salary, reasonably attributable to such inspections and examinations made by duly authorized employees of the commission if within the United States; and

(c) That if the applicant violates any of the provisions of the application or the license, any section of the act, or any of the rules and regulations of the commission that apply to manufacturers, the commission may revoke or suspend such shipping license for such period of time as it may determine.

The excise tax shall be deducted whether the grapes are stored in this state or any other state. The first purchaser shall maintain the necessary records of the excise tax for each purchase or delivery of grapes on the
settlement form or check stub showing payment to the grower for each purchase or delivery. Such records maintained by the first purchaser shall provide the following information:

Sufficient funds to cover such costs shall be transferred from the Winery and Grape Producers Promotional Fund to the Management Services Expense Revolving Fund at the end of each calendar quarter. Funds shall be transferred upon the receipt by the Department of Administrative Services of a report of costs incurred by the Department of Agriculture for the previous calendar quarter.

Sec. 6. Any person violating sections 2 to 4 of this act shall be guilty of a Class III misdemeanor.

Funds credited to the fund shall be used for no other purposes than those stated in this section and any transfers authorized pursuant to section 5 of this act. Any funds not expended during a fiscal year may be maintained in the fund for distribution or expenditure during subsequent fiscal years. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.
