OVERVIEW

of

ACTIVITIES
EXECUTIVE SUMMARY

The Board of Directors met four times this fiscal year. The fiscal year began July 1, 2008, and ended June 30, 2009. Emphasis was placed on supporting marketing and promotional activities and conducting research to assist in the betterment and development of Nebraska’s grape and wine industry.

Legislation approved on May 30, 2007, amended §§53-123.15 and 53-304 of the Nebraska Revised Statutes and repealed the original sections. The act, relating to alcoholic liquor, changed the provisions relating to shippers’ license fees and provided an excise tax on grapes. Within the act, terms were defined, powers and duties were assigned, and a penalty was enacted. Until April 30, 2012, shipping license fees will be collected by the Nebraska Liquor Control Commission and remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. Additionally, an excise tax of one cent per pound is levied upon all grapes sold through commercial channels in Nebraska or delivered in Nebraska. Excise taxes are also remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. The license fees and excise taxes resulted in a substantial increase in Board revenue for the second year in a row. The Board’s revenue increased from $110,620.08 in 2008 to $152,437.58. The Board’s total available cash for the year ending reached a historical high of $242,581.79, which was largely due in part to a beginning cash balance carryover of $90,144.21 from the previous fiscal year. Some of the invoices from projects funded under the previous fiscal year were not submitted until after June 30, 2008. As a result, these payments were made during the 2008 – 2009 fiscal year.

The revenue increase over the past two years has enabled the Board to fund several meaningful projects that have aided in the betterment of Nebraska’s grape and wine industry. In March 2008, the Board decided to fund four projects for this fiscal year totaling $96,316. At the November 2008 meeting, the Board allocated an additional $36,000 to fund more projects, most of which were allocated to the University of Nebraska – Lincoln’s (UNL) Viticulture Program and the Nebraska Winery and Grape Growers’ Association (NWGGA).

The Board sent out a Nebraska Grape Growers’ Survey. Sponsored by the Nebraska Grape and Winery Board, in cooperation with the Nebraska Department of Agriculture (NDA) and the NWGGA, the survey was designed to collect aggregate data on the number of grape growers in Nebraska, the number of plants each grower owns, and pounds of grapes harvested in 2008. The survey data results as of May 14, 2009, are included within this report.

Cognizant of the Board’s large revenue surplus, the Board believed it was imperative to fund additional projects to help further promote and expand Nebraska’s burgeoning grape and wine industry. Consequently, the Board sent out a news release in December 2008 seeking grant proposals from individual growers, farm wineries, organizations, industry groups or academic institutions or partnerships between producers, industry groups, academics, or other organizations that were designed to assist in the betterment of Nebraska’s grape and wine industry. Interested parties wishing to receive funds were required to submit a detailed proposal to the Board. The proposals were to clearly explain how the money was to be used and how it would enhance the competitiveness of the state’s grape and wine industry. The Board developed a grant proposal process in order to provide all interested parties with an opportunity to access these funds. Grant proposal guidelines and application information was made
available to the public in December 2008 and was available on UNL’s Viticulture Program web site. Information could also be obtained by contacting NDA or the Board Chair. Applications were due on or before Friday, January 30, 2009.

Distribution of the Request for Proposal (RFP) solicited several proposals. At the February 2009 meeting, the Board approved 10 proposals totaling $24,004. An additional $4,000 was also allocated to UNL to assist in paying for development of the Pesticide Sensitive Crop Locator web site. At the March meeting, the Board decided that six of the 10 proposals initially approved at the February meeting appeared to benefit individual business ventures rather than the grape and wine industry as a whole. Consequently, a motion and second was made during the meeting to reverse their original decision for funding these proposals. The motion carried. The Board also decided to allocate $14,000 to help defray the costs of the 2010 Nebraska Grape and Winery Forum and Trade Show. A total of 15 contracts totaling $162,246 were granted funding during this fiscal year. Priority funding was given to marketing and research projects targeted at increasing the sales and production of Nebraska grapes and / or wines.

The Board released a second RFP soliciting grant proposals for the next fiscal year, which begins July 1, 2009 and ends June 30, 2010. Once again, proposals were to be aimed at enhancing the competitiveness of Nebraska’s grape and wine industry. Among the proposals submitted, four were approved for funding totaling $102,458. Once again, priority funding was given to marketing and research projects targeted at increasing the sales and production of Nebraska grapes and / or wines. The Board also agreed to allocate $5,000 to pay the salary of a part-time clerical assistant to assist with Board duties that will enhance the accountability and reporting requirements of Board-funded projects. The Board asked that NDA find an individual to fill this position. A job description for this position can be found within this report. This individual will be under the direction and supervision of NDA.

Four of the five members were reappointed by the Governor to serve another three year term. Eric Nelson decided not to seek reappointment. The Governor appointed David Hanna to fill the position vacated by Eric.

Promotion of Nebraska’s grape and wine industry is a primary goal of the Board. The Board helps the grape and wine industry become a strong and important part of Nebraska’s thriving economy. They stay abreast of recent legislation affecting Nebraska’s grape and wine industry, supports NWGGA activities, and works closely with UNL to receive guidance and education based upon industry research.

This annual report includes Board meeting minutes, a news release, both RFPs, 2008 – 2009 fiscal report, contracts, bylaws, statutes, and other documents pertaining to Board matters.

UNL Contracts - Dr. Paul Read handed out a one page report entitled “UNL Viticulture Program Report to the Wine and Grape Promotion Board - November 1, 2008,” and briefly went through the document. He will have more complete reports for the March meeting of the Board in Kearney. He also previewed new research he will be requesting grant support for including Mg deficiency, a Frontinac trunk study, studies on management of multicolored Asian lady beetles (MALB), and a study on ground covers for vineyard rows. Ryan clarified that the Mg deficiency would be a request for $9,600, and Eric questioned Dr. Read as to the status of UNL billing.
Casey indicated that more bills will be forthcoming, which Dr. Read indicated was caused by the university’s slow billing process.

c. Miscellaneous contracts - The growers’ survey and cold hardiness study ($1,662 billed) are completed. NDA collection fee is anticipated to be less than the $5,000 budgeted.

**Current Projects (2008-2009):** Casey reviewed the current funded projects now in operation for the FY2008/9 budget. Casey indicated that contract recipients are required to submit a project report by June 30.

**08/09 Budgeting:** The September report that Casey handed out is the most updated. Revenue budget adjustments were made including the check-off fee from $7,000 to $12,000, crushed grape fee from $10,000 to $12,000, shipper license fees up $70,000 to $90,000, and investment interest from $500 to $2,000. The new total net revenue total was calculated to be $206,144. On the expense side the Cuthill’s grant was declined, so the $7,943 is out and carryover contracts for UNL were $2,274 for the Nutrient Deficiency study, $590 for the Trellis study and $7,000 for viticulture. With these entries and with the maximum allowed carryover of $5,136, the Board must allocate $36,716 to be spent by June 30 of 2009. Following discussion, it was moved by Terry and seconded by Ellen that the Board approve the new changes in expenditures. The motion passed unanimously. It was also moved and seconded (Max and Terry, respectively) that the Board approve the adjusted shipper license fees. The motion passed unanimously. The resulting ending cash balance finalized to $52,252, and a motion to approve the revised budget was made by Ellen and seconded by Max. The motion carried unanimously.

**New Business:** Discussion as to how to distribute the monies that must be spent prior to June 30 proceeded, and it was decided that $6,000 would go to lowering conference fees and that 30,000 would be allotted for grants. A grant RPF would be initiated January 15, 2009. The grants will be such that the maximum proposal will be $5,000 with matching funds of up to $2,500 from the Board.

**Other Business:** An RFP will be necessary for fiscal year 2009/10, and it will be similar to last years, but with changed dates, a note concerning public domain issues, and with no dollar cap for the grants.

**Grape Growers Survey:** This will be done again as it is two years old. Seven hundred dollars was originally allocated of which $494 was spent. Eric handed out the survey cover letter draft and indicated the survey should go out around January 1 and be returned by February 15. A motion to allocate $1,000 for the survey was moved and seconded by Max and Terry, respectively. The motion carried unanimously.

The next meeting will be about February 1, the exact location and time to be decided later. That meeting will be primarily to review and score the RFPs.

Ellen moved and Bart seconded that we adjourn. The motion carried unanimously.

Introduction
The Nebraska Grape and Winery Board was created to (a) establish a public forum whereby any producer of wine, grapes, or other wine-producing agricultural products has the opportunity, at least once annually, to discuss with the Board its policy and procedures; (b) keep minutes of its meetings and other books and records which clearly reflect all of the acts and transactions of the Board and to make these records available for examination upon request by members of the public; (c) authorize and approve the Department of Agriculture’s expenditure of funds collected pursuant to section 53-304; (d) serve as an advisory panel to the Nebraska Liquor Control Commission in all matters pertaining to the wine industry; and (e) adopt and promulgate rules and regulations to carry out sections of 53-30 to 53-305 of the Nebraska Grape and Winery Board Statute.

The Nebraska Grape and Winery Board’s revenue originates from a variety of different sources, which primarily includes shipper license fees, grape excise taxes, and crushed grape fees. The Nebraska Grape and Winery Board has the power to utilize their revenue to fund projects that are designed to improve and promote Nebraska’s grape and wine industry. The Board is seeking to fund proposals that will aid in the betterment of the Nebraska’s grape and wine industry.

Interested parties wishing to receive funds must submit a detailed proposal for review and approval by the Nebraska Grape and Winery Board. Proposals must clearly explain how the money will be used and how it will enhance the competitiveness of Nebraska’s grape and wine industry. This RFP is for the current fiscal year, July 1 2008 – June 30, 2009. All projects approved must be completed by the end of this fiscal year.

The Board has developed this grant proposal process in order to provide all interested parties an opportunity to access these funds. The Board’s goal is to fund meaningful projects that have the highest likelihood of significant, positive impact on the grape and wine production in Nebraska. Priority for this funding period will be given to marketing projects targeted at increasing the sales of Nebraska grapes and/or wines.

Grant Eligibility
Proposals should be initiated by individual growers, farm wineries, organizations, industry groups or academic institutions, or should involve collaboration or partnerships between producers, industry groups, academics, or other organizations. Applicants may cooperate with any public or private organization involving agricultural development, research, and/or marketing to enhance Nebraska’s grape and wine industry. If two or more individuals or organizations propose a joint project, they may submit one application as co-applicants. Applicants proposing joint projects are not required to form a legal entity but must show in their application how the project potentially impacts and produces measurable outcomes for the grape and wine industry and/or the public. Any and all outcomes and records resulting from a funded project must be available for examination upon request by members of the public. Two – five year project proposals will be considered, subject to annual review and re-authorization.

Examples of enhancing the competitiveness of Nebraska’s grapes and wines include, but are not limited to: research, promotion, marketing, trade enhancement, education, “buy local” programs, improved efficiency and reduced costs of distribution systems, product development, and developing cooperatives.
Program Policies
The Nebraska Grape and Winery Board reserves the right to:
- Reject any or all proposals received;
- Request additional information on project proposals;
- Recommend partial funding for a proposal, that may be less than the full amount requested in the grant application;
- Tie the release of project funds to completion of necessary, timely progress reports.

Funding Allocation
Projects funded during this fiscal year will be valid upon the respective party’s signature to an Agreement with the Nebraska Department of Agriculture and the party incurring an obligation of funds for the project prior to June 30, 2009. Invoices shall be presented to the Department of Agriculture from which payment shall be made. A final report of the project will be provided to the Board and the Department of Agriculture. For this RFP, there is a dollar-for-dollar cash match. For example, applicants applying for project funding totaling $5,000 will need to provide a cash match of $2,500. The total monetary value of any grant will be $5,000 with half supplied by the Board and the other half from the applicant.

Funding Cap
The maximum project amount the Nebraska Grape and Winery Board will fund will be $2,500.

Proposals will NOT fund the following expenses:
- Paying off existing debt;
- Substituting existing efforts or research already funded;
- Purchase of equipment, land, or buildings;
- Business entertainment or business gifts; and
- Lobbying or political efforts.

Grant Proposal Review and Selection
Grant applications will be reviewed and decided upon by the Nebraska Grape and Winery Board with input from relative entities. The Nebraska Grape and Winery Board will make the final decision.

Questions and Scoring Criteria
There will be 100 points possible, which is outlined below.

Application Instructions
All applications should include the following information:

A. Cover Page
   1. Name of applicant whose name should be used on all correspondence. Include contact information (address, phone/fax, e-mail) for one individual. This person should also be the one that will appear on a grant agreement and who will be responsible for tracking and accounting for project funds and ensuring the completion of the project.

   2. Abstract of 200 words or less for the proposed project.
3. Listing of all other individuals, entities, organizations, or businesses involved with the project.

B. **Project Purpose (5 points)**
In one or two paragraphs, clearly state the specific issue, problem, interest, or need to be addressed. Explain why your project is important and timely. Indicate the amount of time needed to complete the project.

C. **Potential Impact (10 points)**
In one page or less, discuss the number of people or operations affected, the intended beneficiaries of the project, and/or potential economic impact if data from the project are available.

D. **Goals (5 points)**
Describe the overall goal(s) of the project in one or two sentences.

E. **Work Plan (45 points)**
On three pages or less, describe your proposal and its expected benefit to the Nebraska grape and wine industry. Explain how each goal and measurable outcome will be accomplished. The measurable outcomes must list the elements that will be monitored or evaluated, by whom, how often and for how long? Expected measurable outcomes may be long term and exceed the grant period. If so, provide a timeframe when long term outcome measures will be achieved.

The major considerations here are:
- Can project benefits be measured, reported and tracked over time?
- Does the project provide an overall economic benefit to Nebraska’s grape and wine industry?
- Does the project make good business sense and does it have a high likelihood of success?
- Are the expected benefits of the proposal commensurate with total investment?

Other considerations will be given to:
- Does the project contribute to a positive image of Nebraska grape and wine products?
- Does the project provide educational benefits to the public about Nebraska grape and wine products?

F. **Project Commitment (10 points)**
On one page or less, describe the partnerships, alliances, networks, or other collaborative efforts that will be created to implement this project. List all parties involved and describe what each contributes in skills and abilities to make this proposal succeed and work toward the goals and outcomes, as well as the commitments for each party (in-kind, monetary, labor, etc.).

Major consideration will be given to whether:
- The project creates collaborative efforts that enable multiple organizations or individuals to achieve collective results that would not be possible by individual entities;
• The applicants demonstrate commitment by way of in-kind time, resources, or other means.

G. Financial Feasibility (25 points)
This question requires a one page or less narrative and a one page or less standard budget outline. How do you intend to use the grant funds? Provide a breakdown of the components of the proposal and where the grant funds fit into the overall project financing. Prioritize funding needs, if possible. Provide budget estimates for the total project cost.

Major consideration will be given to whether:
• The project makes good business sense according to the proposed expenses and activities noted in the budget;
• The budget supports the anticipated benefits and whether the benefits are commensurate with the total project financing;
• The project coordinating entity has a process in place to track and account for grant fund expenditures; can accounting and project records be readily retrieved and reported?

Nebraska Grape and Winery Board Meeting Minutes
February 17, 2009
Room 375
Plant Sciences Building
UNL East Campus
Lincoln, Nebraska

Board Members present: Eric Nelson
Max McFarland
Bart Holmquist

Members on Teleconference: Terry Ryan
Ellen Burdick

Ex-officio Members present: Casey Foster, Department of Agriculture

Guests present: Dr. Paul Read, UNL
Jennifer Reeder, NWGGA
Tom Zumpfe, NWGGA
Carey Potter, NWGGA
(on telephone)

President Nelson opened the meeting at 6 p.m. in the University Room.
Notice of this meeting was placed in the Omaha World Herald on February 2, 2009.

Agenda: Item 3 of the agenda was moved up since Terry must leave the meeting at 7:30. It was moved and seconded by Max and Ellen respectively that the agenda be accepted. The motion passed unanimously.

Old Business: Casey ensured that all Board members received the Wine and Grape Production Promotion Board Budget/Expenditures (2007-2008) January budget summary indicating an ending cash balance of $51,952.

New Business: The grant applications resulting from the RFP sent out Feb. 2, 2009 and due March 30 will be reviewed at a Board meeting April 18, 2009 in Grand Island in UNL Extension Educator Jim Hruskoci’s office. The meeting will start at 11 a.m. and lunch will be provided, arranged by Casey and Eric.

The terms of all Board members are expiring as of June 30. A poll of all Board members indicated that only Eric doesn’t want to be reappointed. He asked Board members for suggestions for his replacement.

Grant deliberations: Eric indicated that the total requested funds for the 9 grant applications received were $19,504.

Ellen inquired if the score sheets Eric provided must be handed in. Eric indicated to the negative and that they were only made up for the convenience of the members.

All applicants who were present at the meeting agreed to leave the room during the Board’s deliberations on their specific application.
Terry had emailed his comments to all the Board prior to the meeting.

Barbara Slattery sent a supporting letter to Bart asking if it could be used for her grant. Since it was dated February 10, after the Jan. 30 application time limit date, it was clear that it could not be used.

Terry questioned of the applicability of the SchillingBridge application since it was not strictly related to marketing. Following some discussion reviewing the RFP announcement and the press release it was apparent that though it was indicated that preference would be given to marketing based applications, an application based of research such as the SchillingBridge one could be accepted by the Board. Consequently the Board included the application.

The Board agreed to follow Eric's suggestion to go through all the grants then make a single motion as to the acceptance and funding of each, and to discuss the applications in the order sent by Bart:

Five Trails Vineyard: All agreed this should be funded as requested ($1,425). Bart questioned if the Board had the authority to increase the requested funding of the grants in general. Ellen thought that would be a bad precedent and Terry indicated that the moneys remaining can be carried over to next year.

Deer Springs Vineyard: All Board members said this should be funded at the requested amount ($2,500).

High Plains Beverage LLC: All agreed that this application did not warrant funding.

SchillingBridge Winery and Microbrewery: Eric mentioned his talk with Ed Swanson on this application relative to the feasibility. Ed indicated it was realistic. Paul Read, who will be working with SchillingBridge, indicated that it does involve marketing in that wineries can change a vineyard to another variety to fit with newer market demands, and that workshops will be done on grafting at SchillingBridge. All agreed that this should be funded at the requested amount ($2,500).

Mac's Creek Vineyard: Both applications from Mac's Creek were judged as fundable at the requested amounts ($1,550 and $2,500).

Cedar Hills/ Joyce Sears: Bart questioned the presumption that there was a shortage of brambles in the state and was informed by Ellen that this indeed was the case. All thought the application was excellent and should be funded as requested ($1,530).

Slattery Estates Vineyard: All believed this was a well written application and should be funded at the requested amount ($2,499). Eric felt the last paragraph of the application needs clarification indicating that if additional years of funding are desired, then a new application would be required for their Summer 2010 series. Casey clarified that artist fees would be within the umbrella of fundable activities.

Joyce Hopken Application: Casey clarified that the Board could allow the request for funds for the construction of a road sign. Ellen made note that Joyce is a very hard and diligent worker. The Board indicated that the funds requested ($2,500) should be granted.

The sum of all the approved grants was $17,004 and it was moved by Terry and seconded by Ellen that the Board fund the grants as indicated above. The motion carried unanimously.
There followed a discussion of the remaining funds not granted amounting to $34,948 and how best to allocate these funds for the best benefit of the industry. Casey clarified that some funds could be carried over to next year which could be as much as $29,000, i.e. 25% of the $116,000 budgeted revenue.

Upon discussion with Paul Read, Jennifer Reeder and Carey Potter, the Board recognized that several areas needed additional funding. These included:

- The Camut study to map the state for pesticide applicators so they can be more aware of sensitive crops, specifically grapes. This study is being accomplished by the university for which $4,000 was recommended;
- Additional funds for NWGGA to supplement their marketing and media efforts for the industry ($4,000); and
- And a sum of $2,000 to cover the cost of the trade show vendor lunches at the upcoming 12th Annual Nebraska Winery and Grape Growers Forum and Trade Show in Kearney, Nebraska, March 5-7, 2009.

It was moved and seconded by Max and Bart, respectively, that the Board approve these expenditures. The motion carried unanimously.

Casey stressed that invoices must be in by June 30 but preferably by June 1.

Other Business:
Eric indicated that at the banquet of the Kearney meeting he will present plaques to past Board members recognizing their service to the Board, to the governor, and to the industry.

Casey will send out the public notice of our next meeting scheduled for March 7, 2009.

The next meeting will be Saturday, March 7 at the Holiday Inn in Kearney, Nebraska at 4:30 p.m. at a location in the hotel indicated at the front desk.

Near 8:00 p.m. Ellen moved and Max seconded that we adjourn. Motion carried.

Ex-officio Members present:  Casey Foster, Department of Agriculture

President Nelson opened the meeting at 4 p.m. It was moved and seconded by Ellen and Terry, respectively that the agenda be accepted. The motion carried unanimously.

Notice of this meeting was placed in the Omaha World Herald on February 24, 2009.

Minutes: It was moved and seconded by Terry and Ellen that the minutes of the meeting of February 17 be accepted. The motion carried unanimously.

Election of officers: Eric indicated he will not serve on the Board after June 30, 2009 and Ellen volunteered to serve as president. Max will continue as vice president and Bart as Secretary. Terry moved that we accept this slate of officers and Bart seconded the motion. The motion carried unanimously.

Old Business:
It was noted that a UNL representative was not present and therefore there would be no viticulture report.

Review of Fiscal Year 08/09 and status of grants awarded for this fiscal year: Casey ensured that all Board members received the Wine and Grape Production Promotion Board Budget/Expenditures (2008-2009) February budget summary.

Casey had informed the Board that the lawyers in his office were concerned with 6 of the grants awarded at the last Board meeting in that it was their belief that they did not meet the criteria as written to be fundable, as they were largely marketing grants for the benefit of the individual wineries and not the industry as a whole. He had appealed the findings to the Attorney General’s office for final disposition and indicated he will contact the denied contracts when the Attorney General makes a final determination. A motion was made by Terry to rescind the funding of the 6 grants in question. The motion was seconded by Ellen and was carried unanimously, with Max abstaining from the vote.

New Business:
On the need to decide on additional funds to allocate for Fiscal Year 08/09, the $13,000 out of the $37,922 available returned from not funding the 6 grants.

Eric suggested the Board set priorities for funding such as promotion of research and education, and questioned if the Board should be reactive or proactive. In the past it has been reactive. Now with money to use where should the Board be? April 30, 2012 is end of current mode of funding. The Board needs to consider sustainability.
Members of the NWGGA that included Jennifer Reeder, Tom Zumpfe, Carey Potter, Dave Hanna, and Mick McDowell joined the meeting.

Eric reviewed the status of the 6 applications and that decisions as to their funding will depend on the lawyers in Casey’s department and ultimately the Attorney General’s office. He also indicated that the Grape and Winery Board should be proactive to assure there is cooperation between the University and NWGGA, particularly as concerns the yearly meetings of the industry. Max suggested we allocate funds in the amount of ~$14,000 for planning the meeting next year, in particular for payment of hotel costs, but any funds given must be spent before June 30. He further suggested the Board could prepay the hotel expenses. Casey indicated the money must go to the University via the Ag department.

There followed an extended discussion of the role of this Board in the industry, how that role can be implemented, and what options or opportunities are available to ensure that the conferences in particular are owned and driven by the industry. It was agreed that the funding for the hotel costs for the 2010 conference would be made by the Board. Further it was agreed that a committee would be set up consisting of two representatives of the NWGGA, two of the University, and two from the Grape and Winery Board to serve in the planning of the Spring 2010 conference. Ellen will arrange the initial meeting time and place.

It was moved that the Board will allocate $14,000 to prepay the hotel costs for the Spring 2010 conference, and that a six-person conference planning committee be set up with two representatives each from the university, the NWGGA and the Grape and Winery Board to direct the conference planning with the intent that the same profit distribution currently in effect is maintained. The motion was made by Bart and seconded by Ellen. The motion passed unanimously. Casey indicated he would set up the contract.

Since Paul Read was not in attendance Eric and Bart agreed to visit with Paul and discuss with him the results of this meeting.

Eric indicated that the funding of $14,000 might be considered seed money and that this allotment could be made for each conference. The NWGGA indicated that would be an appreciated policy.

Casey will look at the grants that are received for the March 20 due date and check with lawyers in his office and get back to the authors if there is a problem with them being for the benefit of single entity rather than the industry as a whole.

Eric checked with John Potter as a possible replacement for him on the Board. John indicated he is interested.

Next meeting is April 18 at 11 a.m. at Jim Hruskoci’s office, 3180 W. Highway 34, Grand Island, Nebraska, with the primary purpose to review the March 20 grant applications.

A motion to adjourn was made by Max and seconded by Ellen. The motion carried unanimously.

**Introduction**

The Nebraska Grape and Winery Board was created to (a) establish a public forum whereby any producer of wine, grapes, or other wine-producing agricultural products has the opportunity, at least once annually, to discuss with the Board its policy and procedures; (b) keep minutes of its meetings and other books and records which clearly reflect all of the acts and transactions of the Board and to make these records available for examination upon request by members of the public; (c) authorize and approve the Department of Agriculture’s expenditure of funds collected pursuant to section 53-304; (d) serve as an advisory panel to the Nebraska Liquor Control Commission in all matters pertaining to the wine industry; and (e) adopt and promulgate rules and regulations to carry out sections of 53-30 to 53-305 of the Nebraska Grape and Winery Board Statute.

The Nebraska Grape and Winery Board’s revenue originates from a variety of different sources, which primarily include shipper license fees, grape excise taxes, and crushed grape fees. The Nebraska Grape and Winery Board has the power to utilize their revenue to fund projects that are designed to improve and promote Nebraska’s grape and wine industry. The Board is seeking to fund proposals that will aid in the betterment of Nebraska’s grape and wine industry.

Interested parties wishing to receive funds must submit a detailed proposal for review and approval by the Nebraska Grape and Winery Board. Proposals must clearly explain how the money will be used and how it will enhance the competitiveness of Nebraska’s grape and wine industry. This RFP is for the next fiscal year, July 1, 2009 – June 30, 2010. All projects approved must be completed by the end of this next fiscal year.

The Board has developed this grant proposal process in order to provide all interested parties an opportunity to access these funds. The Board’s goal is to fund meaningful projects that have the highest likelihood of significant, positive impact on the grape and wine production in Nebraska.

**Funding Cap**

The maximum grant award will be $50,000. The Board reserves the right to consider larger requests for projects with exceptional merit.

**Grant Eligibility**

Proposals should be initiated by individual growers, farm wineries, organizations, industry groups or academic institutions, or should involve collaboration or partnerships between producers, industry groups, academics, or other organizations. **Projects must benefit the entire grape and/or wine industry and not a particular business venture.** Applicants may cooperate with any public or private organization involving agricultural development, research, and/or marketing to enhance Nebraska’s grape and wine industry. If two or more individuals or organizations propose a joint project, they may submit one application as co-applicants. Applicants proposing joint projects are not required to form a legal entity but must show in their application how the project potentially impacts and produces measurable outcomes for the grape and wine industry and/or the public. **Any and all outcomes and records resulting from a funded project must be available for examination upon request by members of the public.** Two – five year project proposals will be considered, subject to annual review and re-authorization.

Examples of enhancing the competitiveness of Nebraska’s grapes and wines include, but are not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, education, “buy local” programs, increased consumption, increased innovation,
environmental and conservation concerns, improved efficiency and reduced costs of distribution systems, product development, and developing cooperatives.

Program Policies
The Nebraska Grape and Winery Board reserves the right to:
- Reject any or all proposals received;
- Request additional information on project proposals;
- Recommend partial funding for a proposal, that may be less than the full amount requested in the grant application;
- Tie the release of project funds to completion of necessary, timely progress reports.

Funding Allocation
Projects funded during this next fiscal year will be valid upon the respective party’s signature to an Agreement with the Nebraska Department of Agriculture and the party incurring an obligation of funds for the project on or after July 1, 2009, and prior to June 30, 2010. Invoices shall be presented to the Department of Agriculture from which payment shall be made. A final report of the project will be provided to the Board and the Department of Agriculture. There will be no funding match requirement of applicants, although priority will be given to those projects that show in-kind and additional cash commitment to supplement the funding request.

Proposals will NOT fund the following expenses:
- Paying off existing debt;
- Substituting existing efforts or research already funded;
- Purchase of equipment, land, or buildings;
- Business entertainment or business gifts; and
- Lobbying or political efforts

Grant Proposal Review and Selection
Grant applications will be reviewed and decided upon by the Nebraska Grape and Winery Board with input from relative entities. The Nebraska Grape and Winery Board will make the final decision.

Questions and Scoring Criteria
There will be 100 points possible, which is outlined below.

Application Instructions
All applications should include the following information:

A. **Cover Page**
   1. Name of applicant whose name should be used on all correspondence. Include contact information (address, phone/fax, e-mail) for one individual. This person should also be the one that will appear on a grant agreement and who will be responsible for tracking and accounting for project funds and ensuring the completion of the project.
2. Abstract of 200 words or less for the proposed project.

3. Listing of all other individuals, entities, organizations, or businesses involved with the project.

B. Project Purpose (5 points)
In one or two paragraphs, clearly state the specific issue, problem, interest, or need to be addressed. Explain why your project is important and timely. Indicate the amount of time needed to complete the project. The project must benefit the entire grape and/or wine industry and not a particular business venture.

C. Potential Impact (10 points)
In one page or less, discuss the number of people or operations affected, the intended beneficiaries of the project, and/or potential economic impact if data from the project are available.

D. Goals (5 points)
Describe the overall goal(s) of the project in one or two sentences.

E. Work Plan (45 points)
On three pages or less, describe your proposal and its expected benefit to the Nebraska grape and wine industry. Explain how each goal and measurable outcome will be accomplished. The measurable outcomes must list the elements that will be monitored or evaluated, by whom, how often and for how long? Expected measurable outcomes may be long term and exceed the grant period. If so, provide a timeframe when long term outcome measures will be achieved.

The major considerations here are:
- Does the project benefit the entire grape and/or wine industry and not a particular business venture?
- Can project benefits be measured, reported and tracked over time?
- Does the project provide an overall economic benefit to Nebraska’s grape and wine industry?
- Does the project make good business sense and does it have a high likelihood of success?
- Are the expected benefits of the proposal commensurate with total investment?

Other considerations will be given to:
- Does the project contribute to a positive image of Nebraska grape and wine products?
- Does the project provide educational benefits to the public about Nebraska grape and wine products?

F. Project Commitment (10 points)
On one page or less, describe the partnerships, alliances, networks, or other collaborative efforts that will be created to implement this project. List all parties involved and describe what each contributes in skills and abilities to make this proposal succeed and work toward the goals and outcomes, as well as the commitments for each party (in-kind, monetary, labor, etc.).
Major consideration will be given to whether:

- The project involves collaboration and enables the grape and wine industry to achieve collective results that benefits the entire industry, not a particular business venture;
- The applicant demonstrates commitment by way of in-kind time, resources, or other means.

G. Financial Feasibility (25 points)

This question requires a one page or less narrative and a one page or less standard budget outline. How do you intend to use the grant funds? Provide a breakdown of the components of the proposal and where the grant funds fit into the overall project financing. Prioritize funding needs, if possible. Provide budget estimates for the total project cost.

Major consideration will be given to whether:

- The project makes good business sense according to the proposed expenses and activities noted in the budget;
- The budget supports the anticipated benefits and whether the benefits are commensurate with the total project financing; and
- The project coordinating entity has a process in place to track and account for grant fund expenditures; can accounting and project records be readily retrieved and reported?

Prior to the start of the meeting, Casey handed out the meeting agenda, a summary page of Robert's
Rules of Order, and placed the Nebraska Open Meetings Act on the table.

Ellen Burdick opened the meeting at 11:16 a.m. Amendments to the agenda included a
summary report of Bart and Eric's meeting with Dr. Read, suggesting potential candidates to fill
the upcoming Board vacancy position, and potential funding for a part-time Board Assistant. It
was moved and seconded by Ellen and Terry, respectively, that the agenda be accepted as
amended. The motion carried unanimously.

Notice of this meeting was placed in the Omaha World Herald on April 6, 2009.

Minutes from March 7th Board Meeting:

After minor editing of the minutes of the meeting of March 7, it was moved and seconded by Eric and
Mac, respectively, that the minutes be approved as edited. The motion carried unanimously.

Old Business:

Casey handed out an e-mail from Attorney General’s (AG) office regarding their decision as to
whether Board funds should be used to pay for marketing projects conducted by individual
wineries. After reviewing the statutory authority, legislative history, and relevant constitutional
provisions and case law, the AG’s office believed that the proposed grants are legally and
constitutionally defensible. The proposed allocations do technically fit within the statutory
directive for use of fund revenue as set forth in Neb. Rev. Stat. §53-304, as the revenue is being
used “to develop and maintain programs for the research and advancement of the growing,
selling, marketing, and promotion of grapes, fruits, berries, honey, and other agricultural
products and their byproducts grown and produced in Nebraska for use in the wine industry.”
While these allocations may arguably be challenged as an unconstitutional expenditure of public
funds for a private purpose, these allocations can be distinguished from the payments in Oxnard
Beet Sugar Co. v. State, 73 Neb. 57, 105 N.W. 716 (1905), because they are not direct
payments for which no public purpose can be derived. “It is the province of the Legislature to
determine matters of policy. In appropriating the public funds, if there is reason for doubt or
argument as to whether the purpose for which the appropriation is made is a public or private
purpose, and reasonable men might differ in regard to it, it is generally held that the matter is for
the Legislature . . .” Oxnard, 73 Neb. 57, 57, 105 N.W. 716, 717. In order for a court to declare a tax, statute, or allocation invalid because its object is not a public purpose, “the absence of public purpose must be so clear and palpable as to be immediately perceptible to the reasonable mind.” Lenstrom v. Thone, 209 Neb. 783, 783, 311 N.W.2d 884, 885 (1981); see also In re Applications A-16027, A-16028, A-16031, A-16032, A-16033, A-16036, A-16038, A-16039, A-16600, A-16603, and A-16606, 243 Neb. 419, 420, 499 N.W.2d 548, 549 (1993); Chase v. Douglas County, 195 Neb. 838, 838, 241 N.W.2d 334, 335–36 (1976). The Board’s proposed expenditures are not so devoid of a public purpose that they can be deemed per se unconstitutional. As such, the AG’s office believes that it is within the Board’s legal authority to make the proposed allocations. While these allocations may survive legal scrutiny, the AG’s office recognizes the policy concerns that these allocations raise and that are beyond their office’s purview.

After review of this e-mail, it was the consensus of the Board that the proposed grants not be funded, which was the decision that was voted upon at the March meeting. It was further determined that marketing projects be directed and funded under the Nebraska Winery and Grape Growers’ Association (NWGGA). The Board would have to assure that the money distributed would be in compliance with state statutes. Motion on this issue was deferred for a later date and time.

Casey used a projector to display the March 2009 fiscal report, which indicated the status payments of the various contracts the Board has with the NWGGA, UNL, and individual wineries. Max provided the Board with a review of his two-year Cold Hardiness Study project and Dr. Read gave a report on his viticulture projects.

The Board previously decided to utilize fiscal year 2008/09 Board funds to pay for some of the expenses associated with the 2010 Nebraska Grape and Winery Forum. Eric moved and Terry seconded that the Board move the $14,000 that was initially allocated to NWGGA for this purpose be redirected to the UNL Viticulture Program. The reason for this redirection of funds is because UNL has a contractual agreement with the hotel to host the 2010 conference. Funding will be used to assist in paying for some of the expenses associated with this conference. The motion carried unanimously. Casey said he will write a contract that will allow for the transfer of Board funds to UNL.

Eric gave a brief review of the meeting he and Bart had with Dr. Read concerning the Conference Planning Committee and how to plan the March conference. The Committee will consist of members representing UNL, the NWGGA, and the Board. Max and Bart agreed to serve as the Board representatives. Tom Zumpfe and Dr. Read will decide when to call the first Committee meeting.

Ellen was concerned about contract extensions, specifically Jim Hruskoci’s grant, and Casey indicated that any unspent funds at the end of the fiscal year are returned to the Board. Grant extensions for the next fiscal year require Board approval. Additionally, new contracts must be written and signed. If extension(s) are requested, Casey will notify the Board of the request(s).

Tom Zumpfe, Carey Potter, and Dr. Read gave reports of the NWGGA’s and UNL’s marketing and research projects, respectively. Dr. Read handed out a report summary to the Board that discussed the research projects on cultivars, cold hardiness, Frontinac and Marquette trellis systems, and western Nebraska nutrient deficiency diseases.

All Board members’ terms expire in June. Eric has decided not to seek reappointment to the Board. The other four members are seeking reappointment. The Governor will determine who will serve on the Board for the next three years.
New Business:

Max made a motion and Terry seconded it to approve the Board's fiscal year 2009/2010 budget with a Beginning Cash Balance of $23,922, Total Revenue of $116,000, Total Expenditures of $113,083, and an Ending Cash Balance of $26,839. The motion was projecting that the Board would accrue $90,000 in Shipper License Fees, $12,000 in Check-Off Fees, $12,000 in Crushed Grape Fees, and $2,000 in interest.

It was agreed that the Board continue supporting the salaries of Steve Gamet of UNL ($30,250) and Carey Potter of NWGGA ($36,000) and that the two grants that requested those salaries be funded to their entirety. Eventually, it is expected that the Executive Director position of the NWGGA be self sustaining. Therefore, the Board approved for the allocation of $50,000 to the NWGGA to fund their Executive Director position and to pay for some of their marketing activities. A total of $1,900 was allocated to aid in the continuation of the UNL Grape Cluster project and $46,618 to UNL’s viticulture research projects directed by UNL’s Viticulture Program.

With the other grants proposed, each was discussed as to merit, value to the industry, and feasibility. Though most were considered good ideas, all, except the Cold Hardiness Study, conflicted with the current activities of NWGGA or with project feasibility. Regardless of this conflict, the Board allocated $3,940 to Mac's Creek Vineyard and Winery to conduct the third phase of their Cold Hardiness Study. Casey requested the Board allocate money to hire a part-time Board Assistant. This individual will serve as a clerical secretary and would help monitor grant projects, collect invoices, compile reports, and attend Board meetings. Specific responsibilities would include, but would not be limited to:

- Assembling and distributing Board Request for Proposals (RFP) to the public;
- Collecting and forwarding all project proposals to the Board;
- Monitoring projects;
- Collecting and submitting invoices and receipts to NDA in a timely manner;
- Collecting final reports;
- Preparing year-end documentation that includes funded project proposals, contracts, and final reports;
- Compiling information for the Grape and Winery Board’s Annual Report;
- Assisting the Board Secretary in compiling Board meeting minutes;
- Ensuring submission of Board Expense Reimbursement Requests to NDA; and
- Collaborating and communicating with NDA and the Board on a regular basis.

The Board agreed that funding such a position was appropriate. The Board voted and approved the allocation of $5,000 to fund this position and recommended that NDA begin searching for an individual to serve in this capacity.

Additional expenditures added to the fiscal year 2009/2010 budget included $2,500 for Board expenses, $2,500 for NDA’s fee collection process, $100 for printing costs, $125 for room rental expenses, and $400 for Public Meeting Notices. If revenue is projected to be accurate, as estimated by the Board, the Ending Cash Balance for fiscal year 2009/2010 will be $26,839. The motion to approve the budget was unanimous. Motion carried.

Casey suggested the Board develop a strategic plan, which is an internal document that: (1) outlines an organization’s overall direction, philosophy, and purpose; (2) examines its strengths, weaknesses, opportunities, and threats; (3) sets long-term objectives; and (4) formulates short-term tactics to reach
them. The Legislature could potentially find this plan valuable and might help sustain the Board’s current funding level following the year 2012. Casey mentioned that he will have some templates available at the next meeting that will help the Board develop their plan.

The next meeting will coincide with the fall workshop at the Holiday Inn in Lincoln. The date and time of the meeting will be decided at a later date.

A motion to adjourn was made at 3:10 p.m. by Max and seconded by Eric. The motion carried unanimously.

Respectively submitted,
Bart Holmquist, Nebraska Grape and Winery Board Secretary

This Agreement entered into by and between Mac’s Creek Vineyard and Winery, hereinafter called the “Vineyard” and the Nebraska Department of Agriculture, hereinafter called the “Department,” provides for the funding from the Nebraska Grape and Winery Board funds to the Vineyard toward research activities to assist in the betterment of Nebraska’s grape and wine industry.

1. The Nebraska Grape and Winery Board approved one thousand eight hundred forty dollars ($1,840) from the Winery and Grape Producers’ Promotional Fund to assist the Vineyard in paying for the evaluation of techniques which are designed to enhance grapevine cold hardiness. This project will study the effects of late winter spraying of dormant vines using products which are designed to either delay de-acclimation and/or bud break from 10 to 14 days.

This research project will consist of three samples of 60 vines each. Each sample will consist of 15 vines across four different cultivars, which include Marachel Foch, LaCrosse, Edelweiss, and St. Croix. Each sample will be treated differently.
The first sample (identified as Treatment 1) will be sprayed with Soy Oil, which is designed to delay de-acclimation and bud break. The second sample (Treatment 2) will be brushed with Alginate Gel, which is designed to delay bud break. The third sample, (Control group), will receive no treatments at all.

Results from this project are to determine if there is a difference in delayed bud break counts and harvest yields when comparing the three groups.

AGREEMENT
between
BOARD OF REGENTS OF THE UNIVERSITY OF NEBRASKA
and
NEBRASKA DEPARTMENT OF AGRICULTURE
#18-13-080

This Agreement, entered into by and between the Board of Regents of the University of Nebraska, hereinafter called “UNL,” and the Nebraska Department of Agriculture, hereinafter called the “Department,” provides for the transfer of money from the Winery and Grape Producers’ Promotional Fund to UNL for research and educational activities that will assist in the betterment of Nebraska’s grape and wine industry.

WHEREAS, it has been proven that high-quality wine grapes and wines can be produced in Nebraska;

WHEREAS, numerous awards have been won by Nebraska wineries at many of the most prestigious wine competitions, proving the fact that the Nebraska wineries can produce wines meeting local favor and receiving national acclaim;

WHEREAS, the Nebraska Grape and Winery Board, under Neb. Rev. Stat. §§53-301 to 53-305, has conducted a public Board meeting and directed the Department to provide funds to UNL;

WHEREAS, the research activities conducted by UNL will greatly assist the Nebraska grape and winery industry; and

WHEREAS, both parties hereto desire to enter into this Agreement in order to further promote Nebraska’s grape and wine industry.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, it is agreed by and between the parties hereto that:

1. The Nebraska Grape and Winery Board approved four thousand dollars ($4,000) from the Winery and Grape Producers’ Promotional Fund to assist in paying for a graduate student’s salary for her work on the Sensitive Crop Locator project. The University of Nebraska-Lincoln’s (UNL) Center for Advance Land Management and Information Technology and UNL’s Agronomy and Horticulture Department selected a graduate student with GIS/IMS knowledge and an interest in viticulture to work on this project.

The graduate assistant will be closely tied to the purpose of the project, which is to develop an Internet map service (IMS) for pesticide-sensitive crops to serve the following objectives:
a. Allow pesticide applicators to locate pesticide-sensitive crops in their application area to become aware of the extra caution needed to prevent drift in these areas. Printouts of these maps can be made and kept with their application records for future reference. This should, ultimately, reduce the economic loss of plant injury by pesticides, and reduce the number of complaints received by the Department.

b. Accurate spatial coordinates for these crops will allow researchers and trade organizations to not only have a record of the aerial distribution of specific crops (e.g., vineyards) in Nebraska, but also to facilitate a spatial evaluation of the site conditions needed for growing specific varieties, thus providing needed agronomic information for producers of these crops.

c. Allow development of a prototype IMS viewer for Nebraska agriculture that should stimulate additional collaborations and external funding for mapping, monitoring, and analyzing the spread of “niche crops” in Nebraska.

2. Duration of Agreement: This Agreement shall be in force and effective from February 17, 2009, to June 30, 2009.

3. The Department agrees to provide the funds as set out above from the Winery and Grape Producers’ Promotional Fund.

4. Payment in the amount of four thousand dollars ($4,000) from the Winery and Grape Producers’ Promotional Fund will be payable upon both parties’ signatures to this Agreement and UNL incurring an obligation. UNL shall present Interagency Billing Transaction (IBT) invoices to the Department from which payments shall be made. Failure to submit IBTs prior to June 30, 2009, will result in nonpayment.

5. Funding for this project is subject to legislative appropriations and funding being available.

6. It is understood that, after the Agreement begins, if additional costs would be incurred, with the mutual written consent of all parties and, provided resources are available, this Agreement may be amended.

7. UNL shall utilize funds provided by the Department, to conduct only the duties called for in this Agreement; Department funds collected from a checkoff fee paid by the industry are not to be used to pay administrative or indirect costs.

8. The parties mutually agree as follows:

a. UNL shall:

(1) Not discriminate against recipients of services on the basis of race, color, religion, national origin, sex, disability, or age; and
(2) Not discriminate against any employee or applicant for employment on the basis of race, color, religion, national origin, sex, or qualified disability.

It is further understood and agreed that, if UNL is in violation of this clause, it shall be barred forthwith from receiving further funds, unless a satisfactory showing is made indicating discriminatory practices have terminated and a recurrence of such act or action is unlikely.

b. This Agreement incorporates the complete understanding of the parties. Any modification of the Agreement shall be in writing and executed by each party to be valid.

c. UNL agrees to have in force, during the Agreement period, and available for inspection, a policy regarding a drug-free workplace. The policy shall contain:

(1) A statement notifying employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in UNL workplace;

(2) The specific actions that will be taken against employees for violating the policy; and

(3) A requirement that each employee receives a copy of the policy.

d. To the extent allowed by Nebraska law, UNL shall indemnify and hold harmless the Department from any and all claims and liabilities, including costs and legal fees that may arise out of, or on account of, any failure on the part of UNL to perform such duties for the Department, as herein specified to the extent allowed by Nebraska law. This obligation shall survive the expiration or termination of this Agreement.

e. The books of account, files, and other records of UNL, which are applicable to this Agreement, shall be available for inspection, review, and audit by the Department and its representatives to determine the proper application and use of all funds paid to, and for the account or benefit of, UNL.

f. UNL agrees to maintain all books, documents, papers, or other records involving transactions related to this Agreement for a period of five (5) years. If any litigation or audit is begun or a claim is instituted involving the Agreement, UNL shall retain the records beyond the five (5) year period until litigation, audit findings, or any claims have been fully resolved and the Department has agreed that such records no longer need to be retained.

g. UNL specifically agrees that funds given to UNL shall be used only for the projects and purposes enumerated herein and further acknowledges that expenditures shall not be used for political activity.
h. Any funds paid to UNL under this Agreement, and not fully utilized and earned pursuant to this Agreement during the Agreement period, shall be returned to the Department and credited to the Winery and Grape Producers’ Promotional Fund, unless otherwise agreed. Furthermore, if UNL fails to perform as outlined herein, UNL shall be required to repay any unearned funds received under this Agreement.

i. This Agreement is not assignable without the express written approval of the Department.

j. This Agreement may be terminated by either of the parties hereto at any time by giving thirty (30) days advance written notice to the other party.

k. The relationship of the Department and UNL under this Agreement shall be that of principal and independent contractor. It is understood by both the Department and UNL that UNL is not an employee of the Department. It is understood that the Department assumes no responsibility beyond those specifically stated in this Agreement.

l. All provisions of this Agreement are subject to the Americans with Disabilities Act.

m. UNL guarantees payment of compensation to injured workers according to the Nebraska Workers Compensation Act.

(ii) If the resealed bottle of wine is transported in a motor vehicle, it must be placed in the trunk of the motor vehicle or the area behind the last upright seat of such motor vehicle if the area is not normally occupied by
the driver or a passenger and the motor vehicle is not equipped with a trunk;

(d) Ship wines produced at the farm winery by common carrier and sold at retail to recipients in and outside the State of Nebraska, if the output of such farm winery for each calendar year as reported to the commission by December 31 of each year does not exceed thirty thousand gallons. Any person desiring to obtain a new license to operate a farm winery shall:

(1) File an application with the commission in triplicate original upon such forms as the commission from time to time prescribes;

The commission shall then notify, by registered or certified mail marked return receipt requested with postage prepaid, the municipal clerk of the city or incorporated village where such license is sought or, if the license is not sought within a city or incorporated village, the county clerk of the county where such license is sought of the receipt of the application and shall enclose with such notice one copy of the application. No such license shall then be issued by the commission until the expiration of at least forty-five days from the date of mailing such application by the commission. Within thirty-five days from the date of receipt of such application from the commission, the local governing bodies of nearby cities or villages or the county may make and submit to the commission recommendations relative to the granting of or refusal to grant such license to the applicant.

(1) If the operator of a farm winery is unable to produce or purchase seventy-five percent of the grapes, fruit, or other suitable agricultural products used in the farm winery from within the state due to natural disaster which causes substantial loss to the Nebraska-grown crop, such operator may petition the commission to waive the seventy-five-percent requirement prescribed in subdivision (31) of section 53-103 for one year.

(2) It shall be within the discretion of the commission to waive the seventy-five-percent requirement taking into consideration the availability of products used in farm wineries in this area and the ability of such operator to produce wine from products that are abundant within the state.

(3) If the operator of a farm winery is granted a waiver, any product purchased as concentrated juice from grapes or other fruits from outside of Nebraska, when reconstituted from concentrate, may not exceed in total volume along with other products purchased the total percentage allowed by the waiver.

(4) Any product purchased under the waiver or as part of the twenty-five percent of allowable product purchased that is not Nebraska-grown for the production of wine shall not exceed the twenty-five percent volume allowed under state law if made from concentrated grapes or other fruit, when reconstituted. The concentrate shall not be reduced to less than twenty-two degrees Brix in accordance with 27 C.F.R. 24.180.

(1) No person shall order or receive alcoholic liquor in this state which has been shipped directly to him or her from outside this state by any person other than a holder of a shipping license issued by the commission, except that a licensed wholesaler may receive not more than three gallons of wine in any calendar year from any person who is not a holder of a shipping license.
