OVERVIEW of ACTIVITIES
EXECUTIVE SUMMARY

The Board of Directors met three times this fiscal year. The fiscal year began July 1, 2009, and ended June 30, 2010. Emphasis was placed on supporting marketing and promotional activities and conducting research to assist in the betterment and development of Nebraska’s grape and wine industry.

Legislation approved on May 30, 2007, amended §§53-123.15 and 53-304 of the Nebraska Revised Statutes and repealed the original sections. The act, relating to alcoholic liquor, changed the provisions relating to shippers’ license fees and provided an excise tax on grapes. Within the act, terms were defined, powers and duties were assigned, and a penalty was enacted. Until April 30, 2012, shipping license fees will be collected by the Nebraska Liquor Control Commission and remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. Additionally, an excise tax of one cent per pound is levied upon all grapes sold through commercial channels in Nebraska or delivered in Nebraska. Excise taxes are also remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. The license fees and excise taxes resulted in a substantial increase in Board revenue for the third year in a row. The Board’s revenue increased from $152,437.58 in the previous fiscal year to $162,220.35. The Board’s total available cash for the 2009-2010 Fiscal Year reached $235,599.24, which was largely due in part to a beginning cash balance carryover of $73,378.89 from the previous fiscal year.

The revenue increase over the past three years has enabled the Board to fund several meaningful projects that have aided in the betterment of Nebraska’s grape and wine industry. Priority funding was given to marketing and research projects targeted at increasing the sales and production of Nebraska grapes and/or wines. The Board released an RFP soliciting grant proposals on November 17, 2009. Proposals were aimed at enhancing the competitiveness of Nebraska’s grape and wine industry. In response to the RFP, eight proposals were submitted, of which the Board voted to fund five. By the time the fiscal year ended, the Board had decided to fund 21 projects totaling $206,863. For a complete list of all projects and their respective amounts, please refer to the 2009-2010 Fiscal Report found on page 56. To see a copy of all signed contracts and their respective final reports, please contact the Nebraska Department of Agriculture (NDA).

The Board also continued to allocate $5,000 to pay the salary of a part-time clerical assistant to assist with Board duties that will enhance the accountability and reporting requirements of Board-funded projects. The Board asked NDA to find an individual to fill this position. A job description for this position can be found on pages 153 – 154. A University of Nebraska-Lincoln (UNL) graduate student was hired in August 2010 and is under the direction and supervision of NDA.
During the past fiscal year, the Board decided to increase its public profile by developing a web site. An RFP for this project was announced and three bids were received. Nebraska Interactive, LLC was chosen by the Board to establish the web site. The web site was completed and presented to the Board at the March 31, 2010, meeting. All documents and information pertinent to the Board’s functions and history can be accessed on the web site at: http://www.grapeandwineryboard.nebraska.gov.

At the October 2009 meeting, the Board decided to develop a strategic plan that would clearly provide a framework of the Board’s future goals. At the subsequent Board meeting on March 4, 2010, the strategic plan was presented and approved. Following the development of the Board’s website, the strategic plan was posted on the website for public viewing.

To further promote the Nebraska grape and wine industry, the Board commissioned a Wine Quality Assurance Feasibility Study. The Board approved Dr. Stephen Menke’s proposal of study, which was completed by June 30, 2010.

Promotion of Nebraska’s grape and wine industry is a primary goal of the Board. The Board helps the grape and wine industry in becoming a strong and important part of Nebraska’s thriving economy. They stay abreast of recent legislation affecting Nebraska’s grape and wine industry, supports NWGGA activities, and works closely with UNL to receive guidance and education based upon industry research.

This annual report includes the strategic plan, Board meeting minutes, a news release, RFP, 2009 – 2010 fiscal report, contracts, bylaws, statutes, and other documents pertaining to Board matters.
STRATEGIC PLAN
INTRODUCTION

This Strategic Plan represents the vision and direction of the Nebraska Grape and Winery Board (NGWB). This is an adaptive, non-static document subject to change with new and/or additional input. It is not a standalone document. It is designed to work in conjunction with each year’s operational budget and funded projects. The Board believes that strategic planning is not a one-time effort. Once goals are set, commitment will be maintained, progress monitored, and adjustments made until the objectives are reached. This plan demonstrates the commitment which is needed to provide an excellent standard of programs and budget allocations designed to continuously meet the needs of the industry.

MISSION STATEMENT

The NGWB’s mission statement is to work collaboratively towards a profitable, sustainable future that advances the interests of Nebraska’s grape and wine industry through advocacy and education.

The purpose of the NGWB is to further the growth and economic development of the grape-growing and wine-making industry in the state of Nebraska to a maximum level as supported by the favorable soil and climatic conditions existing in Nebraska and to satisfy the market demand for grapes and wine inside and outside of Nebraska. The end objective is to create an economically viable alternative farm crop and wine industry in Nebraska that will enhance the economic condition of the farm industry and the state of Nebraska.

The duties and responsibilities of the NGWB include, but are not limited to, the following:

a. Establish a public forum whereby any producer of wine, grapes, or other wine-producing agricultural products has the opportunity, at least once annually, to discuss with the Board its policy and procedures;

b. Keep minutes of its meetings and other books and records which will clearly reflect all of the acts and transactions of the Board and to make these records available for examination upon request by members of the public;

c. Authorize and approve the Department of Agriculture’s expenditure of funds collected pursuant to section 53-304;
d. Serve as an advisory panel to the Nebraska Liquor Control Commission in all matters pertaining to the wine industry; and

e. Adopt and promulgate rules and regulations to carry out sections 53-301 to 53-305.

BOARD GOALS

Premium Quality Grapes and Wines. Nebraska’s growing conditions vary greatly from the eastern to the western part of the state, and, to a lesser extent, from north to south. In the east, the elevation is less than 1,000 feet above sea level, annual precipitation may exceed 35 inches and winter lows normally do not exceed -15°F. In the western part of Nebraska, elevations exceed 5,200 feet, annual precipitation can be as low as 12 inches and winter lows may reach -30°F. Soil characteristics vary widely across Nebraska’s topography from sandy soils in the west to loess soils in the east.

Despite these climatic and soil extremes, vineyards across the state are producing premium quality grapes. The hardy grape varietals adaptive to Nebraska’s soils produce grapes that make great wines. This enables Nebraska the advantage to produce unique, handcrafted wines that are site-specific and will help capture compelling market attraction.

Targeting Varietals in Which Nebraska Excels. In business, success comes to those who build their reputations on unique products of consistent quality. In the same way, the great wine regions of the world are all associated with particular varieties of wine. Nebraska is no exception and is producing wines that are unlike many others in the world.

Carefully tending to its vineyards and refining its winemaking, the Nebraska wine industry is accomplishing this goal by identifying its strengths and placing its bets on the most popular and successful varieties. These include varieties such as, among the reds, Frontenac, Marechal Foch, and DeChaunac and, among the whites, Brianna, Edelweiss, Lacrosse, and Traminett. The sharing of results and experiences stemming from academic research studies, grape growers, and winemakers, the industry, as a whole, is developing a deeper understanding of the best grown practices and winemaking techniques. This will, in turn, continue the acceleration and demand of Nebraska high-quality wines. By trying new methods, tasting comparable products, and making adjustments, winemakers learn much faster and are able to create a better product than any single winery could do so alone.

Enhancing the Quality of Nebraska Wines. A concerted, focused effort on creating a sustainable grape and wine growing industry in Nebraska is of paramount importance. Quality research and enhancement is one avenue worth pursuing that will help achieve this goal. Measures implemented will be aimed at building a strong, vibrant industry that includes the production of world class wines made from world class grapes. Brand recognition is essential in any consumer business and is a key component within this
Strategic Plan. Nebraska wines would be graded against a rating system that is based on industry standards to identify the best wines in Nebraska. Exceptional wines would create awareness of the quality of Nebraska wines with consumers while promoting the best of the Nebraska wine industry. Enhancing the quality of Nebraska wines would spur investment in new vineyards with high quality wine grapes, encourage consumers to try Nebraska wines, and help consumers develop an appreciation for quality wines that are produced on Nebraska soil.

**Plant Research.** The University of Nebraska – Lincoln’s (UNL) Viticulture Program is an integral part of this industry’s success. They provide science-based research information that assists in the development of the Nebraska grape and wine industry in a sustainable and profitable manner, thus enhancing the economic viability of Nebraska communities and the state’s vibrant and burgeoning agricultural industry. Research studies address several topics pertaining to grape and wine production in Nebraska.

**Education.** Promoting the creation and discovery of new production practices will aid in this industry’s success. This goal can be achieved by funding various projects and activities through partnership with UNL’s Viticulture Program and the NWGGA. They include, but are not limited, to attendance at educational conferences, funding research projects, disseminating research findings to the public, supporting and partially funding grower field days and conferences, soliciting and funding proposals to enable industry partners to enhance programs and the industry, and serving as an active partner in the Grape and Wine Consortium, which works to develop and organize the annual Nebraska Winery and Grape Growers Forum and Tradeshow.

**Encouraging Wine Tourism.** Wine is identified with its origins and region. Wine tourism creates lasting memories, customer loyalty, and lifetime fans. These benefits aid in the rapid growth of this industry, making it easy for consumers to access and explore this industry from any of Nebraska’s major state highways.

**Increasing the Marketability, Awareness and Accessibility of Nebraska Grapes and Wines.** Nebraska wineries can encounter major challenges in terms of distribution and sales. A substantial amount of wine sales are made at the wineries, but there are a growing number of grocery stores and specialty shops that carry Nebraska wines. These stores serve as alternate sales outlets for many wineries, promoting the quality and value of the state’s wine.

The main strategic focus of grape and wine activities will be on enhancing the image of Nebraska wines through praise and acceptance. Developing brand recognition is essential in any consumer business and is also a key component within this Strategic Plan. The wine industry will continue its aggressive participation in key marketing and advertising campaigns. A strong presence domestically is key to becoming a larger global competitor.

Promotion of Nebraska’s grape and wine industry is a primary goal of the Board. The Board helps the grape and wine industry become a strong and important part of...
Nebraska’s thriving economy. They stay abreast of recent legislation affecting Nebraska’s grape and wine industry, supports Nebraska Winery and Grape Growers’ Association (NWGGA) activities, and works closely with UNL to receive guidance and education based upon industry research.

Increasing the awareness and functionality of the Board is also a goal the Board hopes to achieve. Development of a NGWB web site would help accomplish this goal. This would enable the Board to establish an Internet presence, increase public awareness of Nebraska’s burgeoning grape and wine industry, describe the composition of the Board and its responsibilities, and strengthen Nebraska’s grape and wine industry by providing information relevant to the industry. It will enable the Board to further the growth and economic development of the grape-growing and wine-making industry in the state of Nebraska to a maximum level as supported by the favorable soil and climatic conditions existing in Nebraska and to satisfy the market demand for grapes and wine inside and outside of Nebraska. However, in order to establish a web domain and create this web site, the Board is jointly working with the Nebraska Department of Agriculture (NDA) to obtain bids from potential subcontractors who would be able to create this web site and the cost needed to complete this task.

Creating Partnerships Within the Industry. Today, global success is won, not by firms acting alone, but by partnerships that promote joint planning, information sharing, open communication, and cooperation. A central challenge for the Nebraska wine industry is to continue cooperation and financial support to the NWGGA and UNL’s Viticulture Program, which have both been strong pillars of strength for Nebraska’s grape and wine industry. These partnerships entail balancing individual mandates with the opportunities for promotion and research.

Wineries and growers work together to ensure there are reliable supplies of premium grapes of the right varieties. The involves joint decision-making regarding planting and vineyard management as well as multi-year contracts, the sharing of risks, rewards, and access to capital. Distribution of quality wines is an important challenge and one that needs to be embraced, collectively, by all wineries and growers. This includes finding greater opportunities in marketing and research that will benefit both wineries and growers, big and small.

Maintaining Financial Viability and Revenue of the Grape and Winery Board. Crushed juice fees, grape excise taxes, and shipper license fees are the three primary sources from which the Board obtains its revenue.

Each Nebraska winery pays the Nebraska Liquor Control Commission twenty dollars for every one hundred sixty gallons of juice produced or received by its facility. Gifts, grants, or bequests may be received for the support of the Nebraska Grape and Winery board. Funds paid pursuant to the charge imposed by section 53-304 and funds received pursuant to subsection (4) of section 53-123.15 and from gifts, grants, or bequests is remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. For administrative purposes, the fund is located in NDA.
All revenue credited to the fund pursuant to the charge imposed by this section and excise taxes collected pursuant to section 2-5603 and any funds received as gifts, grants, or bequests and credited to the fund is used by NDA, at the direction of and in cooperation with the Board, to develop and maintain programs for the research and advancement of the growing, selling, marketing, and promotion of grapes, fruits, berries, honey, and other agricultural products and their byproducts grown and produced in Nebraska for use in the wine industry. Such expenditures may include, but are not limited to, all necessary funding for the employment of experts in the fields of viticulture and enology, as deemed necessary by the Board, and programs aimed at improving the promotion of all varieties of wines, grapes, fruits, berries, honey, and other agricultural products and their byproducts grown and produced in Nebraska for use in the wine industry.

Funds credited to the fund shall be used for no other purposes than those stated in this section and any transfers authorized pursuant to section 2-5604. Any funds not expended during a fiscal year may be maintained in the fund for distribution or expenditure during subsequent fiscal years. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Legislation approved on May 30, 2007, amended sections 53-123.15 and 53-304 of the Nebraska Revised Statutes and repealed the original sections. The act, relating to alcoholic liquor, changed the provisions relating to shippers' license fees and provided an excise tax on grapes. Within the act, terms were defined, powers and duties were assigned, and a penalty was enacted. Until April 30, 2012, shipping license fees will be collected by the Nebraska Liquor Control Commission and remitted to the State Treasurer for credit to the Winery and Grape Producers' Promotional Fund. Additionally, an excise tax of one cent per pound is levied upon all grapes sold through commercial channels in Nebraska or delivered in Nebraska. Excise taxes are also remitted to the State Treasurer for credit to the Winery and Grape Producers’ Promotional Fund. The license fees and excise taxes resulted in a substantial increase in Board revenue.

The Board believes it is imperative to fund any additional projects that would be feasible to help further promote and expand Nebraska’s burgeoning grape and wine industry. The Board sends out news releases seeking grant proposals from individual growers, farm wineries, organizations, industry groups or academic institutions that aim to assist in the betterment of Nebraska’s grape and wine industry. Interested parties wishing to receive funds are required to submit detailed proposals to the Board. The proposals are to clearly explain how the money is to be used and how it would enhance the competitiveness of the state’s grape and wine industry. The Board has developed a grant proposal process in order to provide all interested parties with an opportunity to access these funds. Grant proposal guidelines and application information is made available to the public and is available on UNL’s Viticulture Program web site. Information can also be obtained by contacting NDA or the Board Chair. Distribution of the Request for Proposal (RFP) solicits several proposals. Priority funding is given to
marketing and research projects targeted at increasing the sale and production of Nebraska gapes and/or wines. Collecting and compiling final reports in a timely manner from Board-funded projects, and evaluating the efficacy of the reports as to how they relate to the Strategic Plan is of paramount importance to the Board.

The responsibilities of the Board have increased largely due in part to the number of projects funded each year. In an effort to enhance the accountability and reporting requirements of Board-funded projects, the Board allocates money to pay the salary of a part-time clerical assistant to assist with Board duties. The Board asks NDA find an individual to fill this position each year. This individual is under the direction of the NDA.

Each year, the Board publishes an annual report, which is available to the public, free of charge. The report primarily includes meeting minutes, news releases, RFP application instructions, annual fiscal report, contracts, bylaws, and statutes.

Introduction

The Nebraska Grape and Winery Board was created to (a) establish a public forum whereby any producer of wine, grapes, or other wine-producing agricultural products has the opportunity, at least once annually, to discuss with the Board its policy and procedures; (b) keep minutes of its meetings and other books and records which clearly reflect all of the acts and transactions of the Board and to make these records available for examination upon request by members of the public; (c) authorize and approve the Department of Agriculture’s expenditure of funds collected pursuant to §53-304; (d) serve as an advisory panel to the Nebraska Liquor Control Commission in all matters pertaining to the wine industry; and (e) adopt and promulgate rules and regulations to carry out §§53-30 to 53-305 of the Nebraska Grape and Winery Board Statute.

The Nebraska Grape and Winery Board’s revenue originates from a variety of different sources, which primarily include shipper license fees, grape excise taxes, and crushed grape fees. The Nebraska Grape and Winery Board has the power to utilize their revenue to fund projects that are designed to improve and promote Nebraska’s grape and wine industry. The Board is seeking to fund proposals that will aid in the betterment of Nebraska’s grape and wine industry.

Interested parties wishing to receive funds must submit a detailed proposal for review and approval by the Nebraska Grape and Winery Board. Proposals must clearly explain how the money will be used, and how it will enhance the competitiveness of Nebraska’s grape and wine industry. This RFP is for the next fiscal year, July 1, 2010 – June 30, 2011. All projects approved must be completed by the end of the next fiscal year.

The Board has developed this grant proposal process in order to provide all interested parties an opportunity to access these funds. The Board’s goal is to fund meaningful projects that have the highest likelihood of significant, positive impact on the grape and wine production in Nebraska.

Funding Cap

The maximum grant award will be $50,000. The Board reserves the right to consider larger requests for projects with exceptional merit.

Grant Eligibility

Proposals should be initiated by individual growers, farm wineries, organizations, industry groups or academic institutions, or should involve collaboration or partnerships between producers, industry groups, academics, or other organizations. **Projects must benefit the grape and/or wine industry in general and not a particular business venture.** Applicants may cooperate with any public or private organization involving agricultural development, research, and/or marketing to enhance Nebraska’s grape and wine industry. If two or more individuals or organizations propose a joint project, they may submit one application as co-applicants. Applicants proposing joint projects are not required to form a legal entity but must show in their application how the project potentially impacts and produces measurable outcomes for the grape and wine industry and/or the public. **Any and all outcomes and records, resulting from a funded project, must be available for examination upon request by members of the public.** Two – five year project proposals will be considered, subject to annual review and re-authorization.
Examples of enhancing the competitiveness of Nebraska’s grapes and wines include, but are not limited to: research, promotion, marketing, nutrition, trade enhancement, food safety, food security, education, “buy local” programs, increased consumption, increased innovation, environmental, and conservation concerns, improved efficiency and reduced costs of distribution systems, product development, and developing cooperatives.

Program Policies

The Nebraska Grape and Winery Board reserves the right to:

- Reject any or all proposals received;
- Request additional information on project proposals;
- Recommend partial funding for a proposal, that may be less than the full amount requested in the grant application;
- Tie the release of project funds to completion of necessary, timely progress reports.

Funding Allocation

Projects funded during this next fiscal year will be valid upon the respective party’s signature to an agreement with the Nebraska Department of Agriculture and the party incurring an obligation of funds for the project on or after July 1, 2010, and prior to June 30, 2011. Invoices shall be presented to the Department of Agriculture from which payment shall be made. A final report of the project will be provided to the Board and the Department of Agriculture. There will be no funding match requirement of applicants, although priority will be given to those projects that show in-kind and additional cash commitment to supplement the funding request.

Proposals will NOT fund the following expenses:

- Paying off existing debt;
- Substituting existing efforts or research already funded;
- Purchase of equipment, land, or buildings;
- Business entertainment or business gifts; and
- Lobbying or political efforts

Grant Proposal Review and Selection

Grant applications will be reviewed and decided upon by the Nebraska Grape and Winery Board with input from related entities. The Nebraska Grape and Winery Board will make the final decision.

Questions and Scoring Criteria

There will be 100 points possible, which is outlined below.

Application Instructions

All applications should include the information listed on pages 4 through 6.
A. Cover Page

1. Name of applicant whose name should be used on all correspondence. Include contact information (address, phone, e-mail, and, if available, fax) for one individual. This person should also be the one who will appear on a grant agreement and who will be responsible for tracking and accounting for project funds and ensuring the completion of the project.

2. Abstract of 200 words or less for the proposed project.

3. Listing of all other individuals, entities, organizations, or businesses involved with the project.

B. Project Purpose (5 points)

In one or two paragraphs, clearly state the specific issue, problem, interest, or need to be addressed. Explain why your project is important and timely. Indicate the amount of time needed to complete the project.

C. Potential Impact (10 points)

In one page or less, discuss the number of people or operations affected, the intended beneficiaries of the project, and/or potential economic impact, if data from the project are available.

D. Goals (5 points)

Describe the overall goal(s) of the project in one or two sentences.

E. Work Plan (45 points)

On three pages or less, describe your proposal and its expected benefit to the Nebraska grape and wine industry. Explain how each goal and measurable outcome will be accomplished. The measurable outcomes must list the elements that will be monitored or evaluated, by whom, how often and for how long. Expected measurable outcomes may be long term and exceed the grant period. If so, provide a time frame when long-term outcome measures will be achieved.

The major considerations here are:

- Does the project benefit the grape and/or wine industry in general and not a particular business venture?
- Can project benefits be measured, reported, and tracked over time?
- Does the project provide an overall economic benefit to Nebraska’s grape and wine industry?
- Does the project make good business sense, and does it have a high likelihood of success?
- Are the expected benefits of the proposal commensurate with total investment?
Other considerations will be given to:

- Does the project contribute to a positive image of Nebraska grape and wine products?
- Does the project provide educational benefits to the public about Nebraska grape and wine products?

F. Project Commitment (10 points)

On one page or less, describe the partnerships, alliances, networks, or other collaborative efforts that will be created to implement this project. List all parties involved and describe what each contributes in skills and abilities to make this proposal succeed and work toward the goals and outcomes, as well as the commitments for each party (in-kind, monetary, labor, etc.).

Major consideration will be given to whether:

- The project involves collaboration and enables the grape and wine industry to achieve collective results that benefits the entire industry, not a particular business venture;
- The applicant demonstrates commitment by way of in-kind time, resources, or other means.

G. Financial Feasibility (25 points)

This question requires a one page or less narrative and a one page or less standard budget outline. How do you intend to use the grant funds? Provide a breakdown of the components of the proposal and where the grant funds fit into the overall project financing. Prioritize funding needs, if possible. Provide budget estimates for the total project cost. List the source and amount of funds which the applicant plans to use for the project. This information provides assurance that the applicant will have sufficient resources to meet project goals. Page 6 provides a budget example from which to refer to and use when creating your budget.

Major consideration will be given to whether:

- The project makes good business sense according to the proposed expenses and activities noted in the budget;
- The budget supports the anticipated benefits and whether the benefits are commensurate with the total project financing;
- The project coordinating entity has a process in place to track and account for grant fund expenditures; can accounting and project records be readily retrieved and reported?
- Budget line item expenses could include costs associated with personnel, travel, equipment, supplies, and/or contracted work.

S:\AGD_WP\casey\Winery Board\RFP2010-2011Instructions_110509.doc
In order to increase the quality and improve Nebraska’s grape and wine industry, the Nebraska Grape and Winery Board (NGWB) is looking into the establishment of a Nebraska Wine Quality Assurance Program. Under this program, Nebraska wines would be graded against a rating system that is based on industry standards to identify the best estate-grown wines in Nebraska. Wines that meet or exceed program criteria would be designated as Nebraska Quality Wines. A seal of distinction would be developed that would create awareness of Nebraska Quality Wines with consumers while promoting the best of the Nebraska wine industry. The purpose of this program would be to spur investment in new vineyards in Nebraska with high quality wine grapes, encourage consumers to try Nebraska wines, and help consumers develop an appreciation for quality wines that are produced on Nebraska soil. However, before embarking on implementation of such a program in Nebraska, the NGWB is jointly working with the Nebraska Department of Agriculture (NDA) to obtain bids from potential subcontractors who would be able to develop a Wine Quality Assurance Program Feasibility Study to determine the cost of establishing such a program in Nebraska.

Sealed bids will be accepted by NDA until the close of business on February 28, 2010. Bids must be sent to NDA either by mail or email. Bidders must submit one original bid along with the number of feasibility studies they have conducted and / or a description of their experience in the grape and / or wine industry or a similar agricultural field. Bidders must also include a copy of their company’s policy for a drug-free workplace and a detailed description of the steps to perform to develop this study. For each step, bidders must identify the estimated number of hours, cost per hour, total cost, and projected timeline.

Once all bids are obtained, they will be competitively ranked and scored by the Board. The bids will be ranked against the evaluation criteria established in this RFP. The evaluation criteria and respective points for each are as follows:

a. Subcontractor’s background and ability to perform the study in a timely manner (25 points);
b. Subcontractor’s proposed approach from which to perform and carryout the study (25 points);
c. Subcontractor’s total cost to perform the study (50 points).

The applicant with the highest combined score will be awarded the bid. The successful vendor will enter into a fixed price per hour for actual work performed, not exceeding a total dollar amount of $10,000. The vendor selected to perform this study must have it completed by June 30, 2010. There will be an option to amend the contract, based on
availability of funding, for additional work within the scope of the agreement entered into. Please submit sealed bids by **February 28, 2010**, either by mail or email to:

Nebraska Grape and Winery Board
Nebraska Grape and Winery Board Web Site Project
Request for Proposal

The Nebraska Grape and Winery Board (NGWB) is expending up to $3,000 to develop a NGWB web site. This will enable the Board to establish an Internet presence, increase public awareness of Nebraska’s burgeoning grape and wine industry, describe the composition of the Board and its responsibilities, and strengthen Nebraska’s grape and wine industry by providing information relevant to the industry. It will enable the Board to further the growth and economic development of the grape-growing and wine-making industry in the state of Nebraska to a maximum level as supported by the favorable soil and climatic conditions existing in Nebraska and to satisfy the market demand for grapes and wine inside and outside of Nebraska.

However, in order to establish a web domain and create this web site, the NGWB is jointly working with the Nebraska Department of Agriculture (NDA) to obtain bids from potential subcontractors who would be able to create this web site and the cost needed to complete this task.

Sealed bids will be accepted by NDA until the close of business on February 28, 2010. Bids must be sent to NDA either by mail or email. Bidders must submit one original bid along with the number of web sites they have created and the location(s) of those sites. They must also provide a description of their experience in the grape and/or wine industry or a similar agricultural field, if available. Bidders must include a copy of their company’s policy for a drug-free workplace and a detailed description of the steps to perform to develop this web site. For each step, bidders must identify the estimated number of hours, cost per hour, total cost, and projected timeline.

Once all bids are obtained, they will be competitively ranked and scored by the Board. The bids will be ranked against the evaluation criteria established in this RFP. The evaluation criteria and respective points for each criteria are as follows:

NEBRASKA GRAPE & WINERY BOARD

Nebraska Wineries:

Last year, the Nebraska Grape and Winery Board, in cooperation with the Nebraska Department of Agriculture and the Nebraska Winery and Grape Growers Association, conducted a Nebraska Grape Growers Survey.

Current and accurate numbers are essential in order to track the trends and growth of our industry. These data are collected every two years and are used to update the state’s strategic planning, to provide the Nebraska Unicameral with information to assist in their decision making process, and to identify potential needs of our industry. Attached you will find a listing of the growers who have responded to this survey and their respective counties.

To date, we have not received a completed survey from you. Therefore, we would ask that you please take a moment to fill out the survey and return it, in the enclosed envelope, by May 1, 2010. Additionally, please check the list to see that all of your growers have responded. If you find someone is missing, please write their name(s) on the bottom of the survey, and we will send them a survey to complete.

Please note that only group, not individual data, will be reported. By completing and returning this survey, you will help ensure that this information will be highly accurate and most useful to the support of our industry. Thank you for your assistance and cooperation.

PLEASE RETURN YOUR COMPLETED SURVEY IN THE ENCLOSED ENVELOPE BY MAY 1, 2010.

Notice of this meeting was posted in the October 12 edition of the Omaha World Herald.

In the President’s absence (Ellen is on the road and will be about one hour late)
Vice President Max McFarland opened the meeting at 3:08 p.m. All present introduced
themselves and the agenda was amended to include an update regarding the
13th Annual Nebraska Winery and Grape Growers Forum and Trade Show. This was
included as item number five in the agenda. It was moved and seconded by Terry and
Dave, respectively, to approve the agenda. The motion carried unanimously. There
were no additions or corrections to the minutes of the April meeting and it was moved
by Terry and seconded by Dave that they be approved. The motion carried. Dave
Hanna was also recognized as the newest member to the Nebraska Grape and Winery
Board.

Old Business:
  • Viticulture Update:  Paul Read handed out a printed summary of the UNL
    viticulture activities, but said a more detailed report will be forthcoming. Variety
    trials in Pawnee City and Scottsbluff and a new planting in Tom Zumpfe’s
    vineyard are going well. He is planning further studies on the value of double
    trunks, chlorosis origins, seedless table grapes, and organic growth in western
    Nebraska. Paul’s secretary recently retired. The UNL viticulture web site has
    additional information on UNL activities. Field days are continuing and the
    mid-year conference will highlight vineyard floor management.
• **NWGGA Update:** Tom Zumpfe handed out Carey’s memorandum report on the NWGGA activities. Specifically, the conference planning is going well with a meeting to finalize most issues scheduled. Four regions for the wine trails have been defined, each of which will receive $1,500 from the NWGGA for trail development. Mick said a brochure for all trails is slated for 2011. A direct marketing piece is to be sent to 10,000 recipients to advertise the industry. NWGGA may ask for a grant from the Board for dealing with a legislative change for highway signage for the state. On January 13, the legislative reception will be held.

• **Growers Survey Results:** Casey distributed the survey results to the Board. Max, who was responsible for compiling the data, summarized the results. A total of 116 surveys, detailing type, amount, and location, were identified. Discussion followed on how to improve the results. The Board decided to conduct the following steps in an effort to collect more surveys.

1. Each Board member was asked to identify any growers or wineries who have not sent in their surveys. Any missing names are to be sent to Max by November 13.

2. Max will work with the Nebraska Department of Agriculture (NDA) to write a that will include a copy of the survey form and compiled data. This information will be mailed to the vineyard owners and wineries who have not completed a survey.

3. The Board’s assistant, Meghan Schembri, will follow-up with a phone call reminding them to complete and send in their survey. Surveys will be sent to UNK for tabulation.

4. Steve Gamet and CALMIT will then estimate the total grape acreage in Nebraska.

The grower listing will also be sent to Nebraska wineries, which will include grower names and their respective counties. The motion was made by Max and seconded by Ellen to conduct these tasks. The motion passed unanimously.

• **Grape Consortium:** Many of the individuals attending the meeting had to leave so the agenda was modified to briefly discuss the 13th Annual Nebraska Winery and Grape Growers Forum and Trade Show, which will be held in March 2010. Tom Zumpfe reviewed what had transpired thus far and Max reviewed the status from the Board’s perspective. The groups involved in the planning this event include individuals representing UNL, NWGGA, and the Board. Two meetings have been held thus far, and the Board has been pleased with the progress being made. Changes adopted for the upcoming conference include banquet time and location of the trade show.
2008-2009 Fiscal Budget: Casey handed out a binder to each board member, which contained fiscal reports, statutes, contracts, bylaws, and other documents pertaining to board matters. The year ending July 2008 - June 2009 fiscal report was discussed. The Board’s revenue totaled $152,437.58. The Board’s total available cash for the year ending reached a historical high of $242,581.79, which was largely due in part to a beginning cash balance carryover of $90,144.21 from the previous fiscal year. However, expenditures totaling $162,202.90 exceeded total revenue. A total of $73,378.89 was carried over into the 2009 – 2010 fiscal year. However, it was noted that the legislature is currently looking to balance the state’s budget and commodity board revenues might be used to achieve this task. It was agreed by all that the board cannot do much about this situation and that they must proceed as normal to fund programs that aid in the betterment of Nebraska’s grape and wine industry. NDA recommended that the Board’s ending cash balance should not exceed 25 percent of their total revenue.

The September fiscal report was distributed to the Board members. (It is important to note that the headings included in this report were corrected to so that the columns reflected the 2009 – 2010 fiscal year, not the 2008 – 2009 fiscal year.) The Board’s ending cash balance totaled $73,975.45. The Board decided to fund more projects to further support the grape and wine industry and to utilize at least 75 percent of the Board’s total revenue.

Various allocations were discussed and considered including requests from UNL and the NWGGA. Discussion of funding projects was discussed under new business.

New Business:
- **NWGGA Officer Positions and Relationship to Grape and Winery Board:** Dave Hanna had to resign from his position as Treasurer of the NWGGA. The Nebraska Accountability and Disclosure Commission and the NWGGA believed it was a conflict of interest to serve as both an elected officer of the NWGGA and as a Nebraska Grape and Winery Board member. Prior to the meeting, Dave presented his Treasurer resignation letter to the NWGGA President. His resignation was accepted and was effective immediately. Ellen moved that the Board accept and adopt the opinion of the Nebraska Accountability and Disclosure Commission and that the Board utilize this decision as a reference if similar situations were to arise in the future. Dave seconded the motion. The motion carried. Dave also moved that this decision be incorporated into the Board’s bylaws. Ellen seconded the motion. The motion carried.

- **Board Web Site:** The Board considered creating its own web site, like those of the other commodity boards. The Board’s assistant will obtain some bids to determine what it will cost to develop a web site.
• **Final Reports:** The Board’s assistant will be compiling detailed spending reports for the Board and will eventually make available, to the Board, information that pertains to previously funded Board project. This information will likely include copies of contracts and final reports.

• **Strategic Plan:** Casey has put together a framework for a Nebraska Grape and Winery Board Strategic Plan and presented it to the Board. Max offered some primary topics that should be included in this plan. They which included sustainability, quality assurance, marketing, education, and partnerships. Max asked the Board members to send him comments regarding this framework so that the plan can be further developed. He will work with Casey and develop a final draft, which will be available for the Board’s review in March 2010. Ellen suggested a review of the NWGGA plan would be a valuable resource to utilize as this plan is being developed.

• **RFPs for March meeting.** It was moved by Dave that Casey update the previous Request For Proposal document used last year. Once complete, Bart will send out the final version. Terry seconded and the motion passed unanimously. The deadline for grant submission will be January 29, 2010.

• **Return to Fiscal Budgeting:** The Board discussed additional projects to funds this fiscal year. They are as follows:

1. Wine Quality Assurance Feasibility Study - $10,000
2. NWGGA Wine Trail Marketing Package - $18,000
3. NWGGA Passport Program - $6,000
4. 13th Annual Nebraska Winery and Grape Growers Forum and Trade Show - $5,000
5. NWGGA Web Site Update - $7,000
6. UNL Viticulture Program (project expenses associated with research) - $10,000
7. Nebraska Grape and Winery Board Web Site Feasibility Study - $3,000

Funding all seven projects totals $59,000. The NDA will write contracts to allow for the transfer of funds. The Wine Quality Assurance Feasibility Study will be a joint endeavor. Members involved in this project will include six members -- two Board members (Ellen and Bart), two NWGGA members, and two UNL employees. It was moved and seconded by Ellen and Terry, respectively, that the Board approve funding for the projects mentioned above. The motion carried.

• **Date for next board meeting:** The date for the next Board meeting was discussed. While the meeting will be held in conjunction with the 13th Annual Nebraska Winery and Grape Growers Forum and Trade Show, a specific date and time was postponed until a final schedule for the conference was set.
• **Expense Vouchers:** Casey explained how to fill out expense reimbursement vouchers.

• It was moved and seconded by Ellen and Dave, respectively, that the meeting be adjourned. The motion carried. The meeting adjourned at 8:30 p.m.

Respectively submitted,

President Ellen Burdick opened the meeting at 9:05 a.m. It was moved and seconded by Max and Dave, respectively, that the agenda be accepted. The motion passed unanimously. Meghan passed out a folder of materials for the board members, including the minutes from the October 30, 2009, meeting. All present were introduced and it was moved and seconded by Max and Dave, respectively, that minutes for the October 30, 2009 meeting be accepted as written. The motion carried unanimously.

Notice of this meeting was posted in the February 14 edition of the Omaha World Herald.

Board Elections: It was moved by Dave that Bart serve as Secretary. Max seconded and the motion was unanimously approved. It was moved by Bart and seconded by Dave that that Max be elected as Vice Chairman. He accepted the nomination and the
motion was unanimously approved. It was moved by Dave and seconded by Bart that Ellen serve as the Board Chairman. She accepted the nomination and the motion was unanimously approved.

Old Business:

Viticulture Update: Paul Read provided the Board with an update regarding the activities conducted by the UNL Viticulture department. Items discussed included cultivar research, bud break studies, hardiness evaluations, pest management practices, Czechland Vineyards trellis study, nutrient deficiency research in western Nebraska, summary of the Nebraska Winery and Grape Growers Forum and Tradeshow planning, status of the sensitive crop locator project, and educational seminar planning. Ellen commented that once the Board’s website is established, it should be stated how Board funds have decreased the registration cost of the Nebraska Winery and Grape Growers Forum by approximately 25 to 40 percent. Additionally, Ellen recommended the conference materials show the cooperative partnership between UNL, NWGGA and the Board. Paul indicated he will add this information to the next Vinelines Newsletter, and Jennifer indicated she will recognize this partnership in her farewell speech to the conference on Friday, March 5, 2010. Paul informed the Board that Jim Hrusocki has resigned from his position as Extension Educator and Paul will try to finish the cluster study.

NWGGA Update: Jennifer handed out a memorandum report describing the NWGGA activities, which included updates regarding the Passport Program, the Kearney Wine and Jazz Festival, and website update. She further indicated that the 4 wine trails funded in the $18,000 Board grant has been changed to three regions. The wine trails will only include wineries, no tasting rooms. Discussion followed as to how the wine trails will be designed and organized and the changes the NWGGA was contemplating. It was moved by Dave that the Board rescind contract 18-13-102, which was seconded by Max. Upon subsequent discussion, Dave removed his motion from the floor in favor of a motion to amend the contract to be for three rather than four regions. It was moved and seconded that the contract be amended to read, “Nebraska will be divided into three regions. A brochure highlighting the regions and web site will be created showcasing all regions.” The motion passed unanimously.

As for contract 18-13-189, Max made a motion to add “. . . and/or participation in statewide wine festivals . . .” into the contract. It was seconded by Dave. Motion carried unanimously.

Tom Zumpfe indicated that a new Executive Director for NWGGA will be hired since Carey has decided to step down from this position. The Board acknowledged her hard work and dedication to this position.

The NWGGA web site is not totally functional. Grant funds allocated to the NWGGA are currently being used to improve the web site. The new NWGGA Executive Director will take over the web site and will make sure it is more user-friendly.
Max made motion to amend the agenda and allow Steve Menke to talk about his Wine Quality Assurance Feasibility Study proposal. It was seconded by Dave. Motion passed unanimously.

Wine Quality Assurance Feasibility Study: Steve Menke presented his grant proposal to the Board. This project will involve bringing in experts to Nebraska to talk about quality assurance. Upon demonstrated interest of NWGGA members, a four day tour with two Board members to visit as many wineries as possible and convince them of the value of a quality assurance system will be conducted. Max suggested that the cost for the tour is underestimated, but Steve indicated the wineries are expected to provide lodging for the tour members.

Models for this system might be comparable to those used in New Jersey, Pennsylvania, or Colorado. Steve suggested that if this system is totally supported by the wineries, it will cost approximately $55 per bottle. The systems typically are voluntary. He believes “the quality” will pay for itself. Max moved that the Board approve Menke’s proposal. Dave seconded the motion. The Board unanimously approved the proposal.

Because of time constraints, Max suggested we alter the agenda to review, discuss and vote on the grants submitted for the 2010 2011 fiscal year. Dave seconded the motion. The motion was unanimously approved.

Review of Grant Applications:
- The NWGGA proposal was discussed, with input from Carey Potter’s. NWGGA’s proposal to fund the Executive Director’s position and marketing activities for next fiscal year was approved in the amount of $50,000. However, Max expressed his concerned regarding the sustainability of the Executive Director position since the Board may choose not to fund this position in the future.
- Mac’s Creek Vineyard and Winery Ozone proposal was discussed. This project will investigate the feasibility of eliminating/reducing chemical usage in disease control via the usage of ozone technology, thereby enhancing sustainability, reducing environmental carbon footprint, enhancing the positive image of the Nebraska industry and protecting the consumer. Seth McFarland was present to field questions regarding this proposal. Bart was concerned with the effects of ozone in the atmosphere and EPA and/or OSHA’s concern regarding this treatment option. Seth contacted both agencies regarding this project. Seth said safety and environmental responsibility are of primary importance. The Board agreed to fund this proposal in the amount of $6,092.
- Paul Read’s proposal was discussed. Dr. Read mentioned that that Steve Gamet’s part-time salary was the highest priority in his proposal. His project consisted of a number of different research projects including, cultivar and new genotype evaluation, multi-state project evaluating performance of a common set of grape cultivars in multiple locations, studies of trellis construction systems and new cultivar performance, evaluation of cold-hardiness, spring
bud-break and cold temperature damage prevention and management, potential efficacy of chemical and physical treatments to delay spring bud-break, investigation of high pH-induced chlorosis problems, cultivar growing degree studies, and disease and insect management. The Board agreed to fund this proposal in the amount of $47,718.

- SchillingBridge Winery & Microbrewery’s project of grafting improved cultivars onto existing root systems was discussed. Bart asked if the grafts survived the 2009 – 2010 this winter. Paul said they survived. The Board agreed to fund this proposal in the amount of $1,505.

- The Amateur Wine Club proposal submitted by Bart Holmquist was discussed. Funding for this proposal would be used to establish the non-profit Nebraska Amateur Wine Club, which would include development of a web site, production of newsletters, and expenses associated with monthly meetings. Max suggested that Bart contact the NWGGA to share the marketing responsibilities associated with this club. Carey requested that she become the Secretary for the club. Bart agreed to Max’s suggestion and accepted Cary’s request. The Board agreed to fund this proposal in the amount of $1,060.

- Strohm Vineyards submitted a proposal to create a documentary DVD and web site to educate, share, and generate interest in Nebraska's viticultural industry. The Board decided that this project was of lower priority, premature, and too costly. Max indicated that NWGGA would be a better collaborator for this project and recommended that Strohm approach the NWGGA regarding this activity. The Board did not fund this proposal.

- Dr. Yiqi Yang’s proposal to find renewable, sustainable and environmentally friendly sources for natural cellulose fibers and reinforcements for composites was discussed. Dave questioned the economic feasibility of this project given that only about 600 acres of cuttings would be available producing seemingly too small amount of cuttings as raw material. The Board did not fund this proposal.

- Amy Timmerman’s proposal to determine if Pierce’s disease, caused by the bacterium Xylella Fastidiosa, is present in Nebraska grape production areas was examined. The Board suggested that there should be an instance of the disease in the state before a study should be funded.

Below is a listing of the proposals the Board approved for funding.

Dave moved that the Board accept the above grants in the amounts shown for funding. Bart seconded the motion and it passed unanimously. By acclimation it was decided to adjourn the meeting at 1:15 p.m. but resume the meeting at about 5 p.m. in room 102 of the Holiday Inn. The meeting resumed at 5:13 p.m.
Financials: Casey indicated that on June 30, 2009, the Board had $242,581.79 of total available cash. As of February 2010, the available cash was at $144,871.25. If all bills are paid in full as of June 30 of this year, the Board will have $70,500 remaining.

New Business:

Meghan is currently in the process of collecting final reports for projects the Board has funded over the past three year. This task is nearly complete. A notebook was distributed at the meeting for the Board to review the progress that has been made in accomplishing this task. Max said he was very happy with the progress made thus far.

A discussion regarding the sustainability of the NWGGA was again discussed. The NWGGA needs to make efforts to become self-sustainable, without Board funding. This includes funding the NWGGA’s Executive Director’s salary. The Board needs continual feedback as to the direction of the Association as the industry continues to evolve.

It was suggested that NWGGA and UNL consider seeking other funding sources in the event the Board’s revenue should decrease after April 2012. Casey mentioned that the Nebraska Department of Agriculture is seeking Specialty Crop Block Grant applications up until April 29, 2010. He encouraged UNL and the NWGGA to explore this grant opportunity in greater detail in case they have projects they would like to have funded under this program. Application instructions are available at www.agr.ne.gov.

Strategic Plan. Casey presented a draft of the strategic plan for the Nebraska Grape and Winery Board that he and Max wrote. A printed version was provided in the folder given to the Board members at this meeting. He provided a summary of the plan via a PowerPoint presentation. It was moved by Dave that the Board approve the Strategic Plan as written with a few of the recommended corrections. Max seconded the motion, which was approved unanimously by the Board. Max excused himself from the meeting to attend to tradeshow responsibilities.

Board Web Site: The Board received three RFPs for the development of a Board web site. The proposals and example pages were provided for the Board’s review. After a lengthy discussion, each proposal was evaluated. It was decided that Nebraska.gov develop the Board’s web site. Dave moved to accept Nebraska.gov’s proposal and have NDA serve as the webmaster for the web site, once developed. The motion was seconded by Bart. The motion passed unanimously.
Bylaws Update: Bart moved to change the text in the bylaws to correct the proper name of the Board as the Nebraska Grape and Winery Board. Dave seconded the motion, which carried unanimously.

Additional Requests: Tom informed the Board that funding was need for three NWGGA Grower Field Days and purchase of VineBalance Workbooks. The workbooks could be purchased by NWGGA member for $15 per book. Dave made a motion, which was seconded by Bart, that the Board allocate $2,500 to assist in paying for expenses associated with the three Grower Field Days and $3,750 to purchase 125 VineBalance Workbooks. The motion passed unanimously. The Board has approximately $34,652 that should be allocated before June 30, 2010.

Date for next board meeting: The date for the next Board meeting will be sometime in May, the particulars to be decided at a later date and time.

It was moved by Dave and seconded by Bart that the meeting be adjourned. The motion carried. The meeting adjourned at 8:20 p.m.

Respectively Submitted,
Bart Holmquist, secretary
Nebraska Grape and Winery Board
President Ellen Burdick opened the meeting at 1:10 p.m. It was moved and seconded by Dave and Max, respectively, that the agenda be accepted. The motion passed unanimously. It was moved by Max to approve the minutes as written. The motion was seconded by Dave and the motion carried unanimously.

Notice of this meeting was posted in the March 17, 2010, edition of the *Omaha World Herald*.

Old Business

- **Grape and Winery Board Website Update**
  Casey presented the newly created Nebraska Grape and Winery Board web site to the board. Comments were fielded from board members for suggested changes. It was recommended that the mission statement be posted on the home page in a font that is easy to read, and it was decided that the board’s chair e-mail address be used as the contact if individuals had questions to ask the board via the web site. Any messages are directed to the chair. When the board’s RFP application becomes available, the “Grant” link should flash to draw special attention to the availability of board funds. It was also suggested that the names of board members and their town be included on the web site. It was suggested that photos of Nebraska’s vineyards during each of the 4 seasons be shown on the homepage in a rotating pattern. It was moved and seconded by
Terry and Dave, respectively, that the web site be approved as presented and that the changes be made. The motion carried unanimously.

- **Wine Quality Assurance Feasibility Study Update:** Ellen reported that Steve Menke has Todd Steiner scheduled to arrive in Nebraska on May 22\textsuperscript{nd}. The itinerary has scheduled 19 wineries in four days. It was thought that the plan is good and should work. Steve adjusted the cost of this study to $7,780.

- **UNL Viticulture Program Update**
  Dr. Paul Read provided a verbal report to the board regarding his research projects. Despite the slight decrease in attendance at the 13\textsuperscript{th} Annual Nebraska Grape and Winery Forum and Trade Show, several positive comments were shared, including hosting the banquet on Saturday and the wine tasting on Friday. He said the board’s “seed” money for the March conference has been spent. The increased cost of the conference was a direct result of additional activities added to this year’s conference.

  The *VineLines* newsletter has been written and should be sent out shortly detailing the results of the conference. Paul asked that a board member write-up a short summary of what the board is doing so that it can be included in the *VineLines* newsletters.

  Upcoming field days included May 22 in Ravenna, June 12 at Deer Springs Winery, and June 14 at SchillingBridge Winery. On July 19, the Armstrong Facility in Iowa will be the location of the tri-state grape meeting. The recent winter was not as damaging on grape vines primarily due to the high snow cover and warm spring.

- **NWGGA Update**
  Tom Zumpfe provided a report on NWGGA activities. The NWGGA is currently re-defining the position of their Executive Director position before finding an individual to fill this vacancy. A new NWGGA web site webmaster as been identified, who will update and improve the existing web site. The popular Passport Program will start May 1, 2010. The Vine Balance Grower Self-Assessment Workbooks were ordered in March. Funds for all of these activities have been possible as a direct result of board funding.

  Tom also requested $5,000 be allocated to each of Nebraska’s wine trails. A lengthy discussion ensued, which was focused on the nature of the trail system and how they are being developed. Although there were no clear answers, how the trails were to be developed was forthcoming. It was moved by Dave and seconded by Max to edit the $18,000 NWGGA Wine Trail Package contract, which is designed to increase public awareness of Nebraska’s grape and wine industry, educate consumers, and attract wine enthusiasts to Nebraska’s
wineries. For the purposes of this grant, it was decided that Nebraska be divided into three regions, rather than four, as originally stated in the contract. The three wine trail regions are identified as the Southeast Nebraska Winery Trail, Wines on the Historic Trails, and Heart of Nebraska Wine Trail. Each region is responsible for setting their own trail guidelines. A brochure highlighting the regions and website will be created showcasing all regions. Casey recorded the wording alternations suggested by the board and will write an amendment to this contract to reflect these changes. The expiration of the contract, set as June 30, 2010, will remain unchanged but a final written report is due 90 days after the expiration of this agreement. The motioned passed unanimously. Max pointed out that the new trail system is independent of NWGGA.

Max moved and Dave seconded a motion to include the phrase “and/or participation in statewide wine festivals” into contract 18-13-189. The motion passed unanimously. Casey recorded the wording alternation and will write an amendment to the contract to reflect these changes. The expiration of the contract, set as June 30, 2010, will remain unchanged but a final written report is due 90 days after the expiration of this agreement. This is Carey Potter’s last day as NWGGA’s Executive Director and Tom thanked her for her help. Tom requested that board RFP grant notices be coordinated so that they are published at least six months prior to the grant submission due date.

- Staff Assistant Position
  The board’s staff assistant, Meghan Schembri, will be leaving at the end of June to pursue her dietetic internship at the University of Nebraska Medical Center. Paul offered to look for an individual to fill this vacancy; it is hoped that this position will be filled by July 1, 2010. The board has allocated $5,000 to pay for the staff assistant’s salary, but he or she will be hired by and under the direct supervision of the Nebraska Department of Agriculture.

- Grape and Winery Display Booth
  Casey said he will look into the costs for purchasing a display for the board. Displays can cost up to $2,000. Bids will try to be obtained and presented to the board at the next meeting.

New Business
- 2009-2010 Fiscal Budget Update
  Casey provided an update of the board’s revenue expectations and explained the current financial position. The figures showed that the board has $34,652 to potentially allocate before June 30, which should provide a carryover amount of approximately $17,000. A discussion as to whether hire a Nebraska Grape and Winery Board Executive Director ensued, but it was decided that such a decision should wait until the board becomes more financially sustainable.
Board Proposals for 2009 - 2010

Using the conference’s white board, Terry listed the grant proposals submitted to the board. Each proposal was reviewed and discussed. Below is a summary of the proposals the board decided to fund for the remainder of the 2009 -2010 fiscal year.

- SchillingBridge Winery and Microbrewery was awarded $1,505 to conduct the second phase of a project that explores the suitability of using existing cultivars as rootstock by grafting cultivars with greater wine grape value to mature Lacrosse and/or deChaunac vines. An additional $1,565 was allocated to this winery for continuation of this project into the 2010 – 2011 fiscal year.

- UNL Viticulture Program was awarded the following:
  - $6,000 to pay for expenses associated with the labor, transportation costs, maintenance and oversight of the Scottsbluff research location.
  - $3,100 to demonstrate the planting of newly available grape genotypes. The funds will be used to pay for several costs associated with this activity including plants, site preparation, trellis materials, chemicals, and other related costs.
  - $3,150 to pay for bird netting and fertilizer at the Nemaha, Peru, and Nebraska City research locations.
  - $4,200 to enhance the Viticulture Program’s Extension efforts. The funds will pay for several extension visits to growers and wineries in distant parts of Nebraska and attendance at the American Society of Enology and Viticulture Annual Conference.

- Mac’s Creek Vineyard and Winery was awarded $3,700 to conduct a Tasting Room Profitability and Wine Club Development Seminar. Elizabeth Slater is being considered as a potential speaker for this event. The seminar is open to anyone involved or interested in Nebraska’s grape and/or wine industry.

- The Southeast Nebraska Winery Trail Association was awarded $5,000 to assist in paying for a marketing campaign, which is designed to build awareness of southeast Nebraska as a premium wine region. The primary goal of this project is to focus marketing efforts between all of the eight wineries in this region by establishing collaborative events, which are designed to generate enough money to fund the annual events in subsequent years. The funds will be used to pay for the costs associated with these events.

- The Heart of Nebraska Wine Trail (HNWT) was awarded $5,000 to pay for the development of a web site and print advertisements for HNWT.

- The Wines on the Historic Trails Association was awarded $5,000 to assist in encouraging tourists and wine enthusiasts to visit wineries, tasting rooms, and vineyards in western Nebraska. The funds will be used to pay for a web site, passport program, and radio and newspaper advertisements.
If all projects fully expend their board funding allocations, the ending cash balance for the 2009 – 2010 fiscal year will be approximately $13,073. A motion to approve the updated budget was made by Dave and seconded by Terry. The motion passed unanimously.

- **Board Proposals for 2010 -2011**
  - The board approved the following projects for the 2010 – 2011 fiscal year:
    - $50,000 to pay for NWGGA’s Executive Director and marking activities;
    - * $2,745 to pay for an NWGGA nutritional workshop;
    - $47,718 for UNL’s Viticulture Program research projects;
    - $6,092 for Mac’s Creek Vineyard and Winery’s Ozone Technology project;
    - * $1,565 for SchillingBridge Winery and Microbrewery’s rootstock grafting cultivar project;
    - $1,060 for an Amateur Wine Club;
    - * $2,000 for a Nebraska Grape and Winery Board display booth;
    - $5,000 for a board staff assistant; and
    - $2,500 for the Nebraska Department of Agriculture’s fee collection process.
    - Additional expenditures included printing costs ($500), room rental ($125), board meeting notices ($400), and board expenses ($3,500).

* Denotes projects approved for funding during this meeting. The others were approved during the March 4, 2010, board meeting.

The total expenditures for fiscal year 2010 – 2011 equates to $123,205. Bart motioned that the board approve the additional projects and the total budget, as adjusted. Max seconded. The motion passed unanimously.

Casey suggested that the board meet four times a year. After discussion, it was decided that meetings be held in March, April, July, and October, if possible.

Max moved to adjourn and it was seconded by Bart. The motion passed unanimously. The meeting adjourned at 5:50 p.m.

AGREEMENT
between
MAC’S CREEK VINEYARD AND WINERY
and
NEBRASKA DEPARTMENT OF AGRICULTURE
#18-13-060

This Agreement entered into by and between Mac’s Creek Vineyard and Winery, hereinafter called the “Vineyard” and the Nebraska Department of Agriculture, hereinafter called the “Department,” provides for the funding from the Nebraska Grape and Winery Board funds to the Vineyard toward research activities to assist in the betterment of Nebraska’s grape and wine industry.

WHEREAS, it has been proven that high-quality wine grapes and wines can be produced in Nebraska;

WHEREAS, numerous awards have been won by Nebraska wineries at many of the most prestigious wine competitions, proving Nebraska wineries can produce wines meeting local favor and receiving national acclaim;

WHEREAS, the Nebraska Grape and Winery Board, under Neb. Rev. Stat. §§53-301 to 53-305, has conducted a public board meeting and directed the Department to provide funds to the Vineyard for a study of grapevine cold hardiness;

WHEREAS, the research activities conducted by the Vineyard will greatly assist the Nebraska grape and winery industry; and

WHEREAS, both parties hereto desire to enter into this Agreement in order to further enhance Nebraska’s grape and wine industry.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, it is agreed by and between the parties hereto that:

1. The Nebraska Grape and Winery Board approved three thousand nine hundred forty dollars ($3,940) from the Winery and Grape Producer’s Promotional Fund to assist the Vineyard in paying for the evaluation of techniques, which are designed to enhance grapevine cold hardiness. This project will study the effects of late winter spraying of dormant vines using products which are designed to either delay de-acclimation and/or bud break.

This is the third year of a continuing research project, which will investigate the effectiveness of multiple applications of Amigo Oil at three vineyard sites representing very different microclimates. The vineyard sites will be located in Raymond, Lexington, and Cozad, Nebraska. Unlike the previous two years, this year’s project will also expand the application of this oil to the Edelweiss vines.
The goals of this project are to:

a. Replicate second year investigation results using air blast sprayer application techniques;
b. Expand the investigation of the effectiveness of the oil when applied to vineyards located in the eastern and western part of the state, each representing different microclimates;
c. Expand the application of the oil to the Edelweiss vines to determine its impact on this cultivar.

Two groups of vines will be identified on each of the three vineyard sites. They include a control group and a treatment group. Sample plants will be selected via an alternating sequence in a counter balanced manner. Obviously, weakened or fragile vines will be omitted from the study. Sample vines will be pruned prior to the first application of the oil. The control group will not receive treatment, but the treated groups will be sprayed with the oil beginning in March 2010. It will be reapplied once every two weeks until bud break.

Results from this project are to determine if there is a difference in delayed bud break counts and harvest yields in the Marechal Foch, Brianna, and Edelweiss cultivars.

The amount of three thousand nine hundred forty dollars ($3,940) will partially pay for costs involved with this project, which include chemicals, labor (pruning and application), manager training, consultant expenses (time, travel, and lodging) and data collection, entry, and analysis.

2. Duration of Agreement: This Agreement shall be in force and effective from July 1, 2009, to June 30, 2010.

3. The Department agrees to provide the funds as set out in Paragraph 1, from the Winery and Grape Producer’s Promotional Fund.

4. The Vineyard agrees to provide a copy of the results to the Department with a report of the costs involved for this project. The report will be made public for the use of all Nebraska growers and given to the Board to publish for that purpose.

5. Payment in the amount of three thousand nine hundred forty dollars ($3,940) from the Winery and Grape Producer’s Promotional Fund to the Vineyard will be payable in full upon both parties signing this Agreement, and the Vineyard incurring an obligation for this project. The Vineyard shall present an invoice to the Department from which payment shall be made.

6. Funding for this project is subject to legislative appropriations and funding being available. Any unused funds shall be refunded to the Department and credited back to the Winery and Grape Producer’s Promotional Fund.

7. After the Agreement begins, it is understood that, if additional costs should be incurred, with the mutual written consent of all parties to this Agreement, and provided resources are available, this Agreement may be amended.
8. The Vineyard shall utilize funds provided by the Department only for facilities, materials, and personnel to conduct the duties called for in this Agreement. Department funds collected from a checkoff fee paid by the industry are not to be used to pay administrative or indirect costs.

9. The parties mutually agree as follows:

a. The Vineyard shall:

   (1) Not discriminate against recipients of services on the basis of race, color, religion, national origin, sex, disability, or age; and

   (2) Not discriminate against any employee or applicant for employment on the basis of race, color, religion, national origin, sex, or qualified disability.

   It is further understood and agreed that if the Vineyard is in violation of this clause, it shall be barred forthwith from receiving further funds, unless a satisfactory showing is made indicating discriminatory practices have terminated and a recurrence of such act or action is unlikely.

b. This Agreement incorporates the complete understanding of the parties. Any modification of the Agreement shall be in writing and executed by each party of the Agreement to be valid.

c. The Vineyard agrees to have in force, during the Agreement period, and available for inspection, a policy regarding a drug-free workplace. The policy shall contain:

   (1) A statement notifying employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in the Vineyard workplace;

   (2) The specific actions that will be taken against employees for violating the policy; and

   (3) A requirement that each employee shall receive a copy of the policy.

d. The Vineyard shall indemnify and hold harmless the Department from any and all claims and liabilities, including costs and legal fees that may arise out of or on account of any failure on the part of the Vineyard to perform such duties for the Department as herein specified. This obligation shall survive the expiration or termination of this Agreement.

e. The books of account, files, and other records of the Vineyard which are applicable to this Agreement, shall be available for inspection, review, and audit by the Department and its representatives to determine the proper application and use of all funds paid to, and for the account or benefit of, the Vineyard.
f. The Vineyard agrees to maintain all books, documents, papers, or other records involving transactions related to this Agreement for a period of five (5) years. If any litigation or audit is begun or a claim is instituted involving the Agreement, the Vineyard shall retain the records beyond the five (5) year period until litigation, audit findings, or any claims have been fully resolved, and the Department has agreed that such records no longer need to be retained.

g. The Vineyard, specifically, agrees that funds given to the Vineyard shall be used only for the projects and purposes enumerated herein and further acknowledges that expenditures shall not be used for political activity.

h. Any funds paid to the Vineyard under this Agreement, and not fully utilized and earned pursuant to this Agreement during the Agreement period, shall be returned to the Department and credited to the Winery and Grape Producers’ Promotional Fund, unless otherwise agreed. Furthermore, if the Vineyard fails to perform as outlined herein, the Vineyard shall be required to repay any unearned funds received under this Agreement.

i. This Agreement is not assignable without the express written approval of the Department.

j. This Agreement may be terminated by either of the parties hereto at any time by giving thirty (30) days advance written notice to the other party.

k. The relationship of the Department and the Vineyard under this Agreement shall be that of principal and independent contractor. It is understood by both the Department and the Vineyard that the Vineyard is not an employee of the Department. It is understood that the Department assumes no responsibility beyond those specifically stated in this Agreement.

l. All provisions of this Agreement are subject to the Americans with Disabilities Act.

m. The Vineyard guarantees payment of compensation to injured workers according to the Nebraska Workers Compensation Act.

n. This contract becomes valid upon the date of the final signature.

8. The Viticulture Program shall utilize funds provided by the Department only for the expenses associated with the 13th Annual Nebraska Winery and Grape Growers Forum and Trade Show. Department funds collected from a checkoff fee paid by the industry are not to be used to pay administrative or indirect costs.

9. The parties mutually agree as follows:

   a. The Viticulture Program shall:

      (1) Not discriminate against recipients of services on the basis of race, color, religion, national origin, sex, disability, or age; and
(2) Not discriminate against any employee or applicant for employment on the basis of race, color, religion, national origin, sex, or qualified disability.

(3) It is further understood and agreed that, if the Viticulture Program is in violation of this clause, it shall be barred forthwith from receiving further funds, unless a satisfactory showing is made indicating discriminatory practices have terminated and a recurrence of such act or action is unlikely.

b. This Agreement incorporates the complete understanding of the parties. Any modification of the Agreement shall be in writing and executed by each party to be valid.

c. The Viticulture Program agrees to have in force, during the Agreement period, and available for inspection, a policy regarding a drug-free workplace. The policy shall contain:

   (1) A statement notifying employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in the Viticulture Program workplace;

   (2) The specific actions that will be taken against employees for violating the policy; and

   (3) A requirement that each employee receives a copy of the policy.

d. To the extent allowed by Nebraska law, the Viticulture Program shall indemnify and hold harmless the Department from any and all claims and liabilities, including costs and legal fees that may arise out of, or on account of, any failure on the part of the Viticulture Program to perform such duties for the Department, as herein specified to the extent allowed by Nebraska law. This obligation shall survive the expiration or termination of this Agreement.

e. The books of account, files, and other records of the Viticulture Program, which are applicable to this Agreement, shall be available for inspection, review, and audit by the Department and its representatives to determine the proper application and use of all funds paid to, and for the account or benefit of, the Viticulture Program.

f. The Viticulture Program agrees to maintain all books, documents, papers, or other records involving transactions related to this Agreement for a period of five (5) years. If any litigation or audit is
begun or a claim is instituted involving the Agreement, the Viticulture Program shall retain the records beyond the five (5) year period until litigation, audit findings, or any claims have been fully resolved and the Department has agreed that such records no longer need to be retained.

g. The Viticulture Program specifically agrees that funds given to the Viticulture Program shall be used only for the projects and purposes enumerated herein and further acknowledges that expenditures shall not be used for political activity.

h. Any funds paid to the Viticulture Program under this Agreement, and not fully utilized and earned pursuant to this Agreement during the Agreement period, shall be returned to the Department and credited to the Winery and Grape Producers Promotional Fund, unless otherwise agreed. Furthermore, if the Viticulture Program fails to perform as outlined herein, the Viticulture Program shall be required to repay any unearned funds received under this Agreement.

i. This Agreement is not assignable without the express written approval of the Department.

j. This Agreement may be terminated by either of the parties hereto at any time by giving thirty (30) days advance written notice to the other party.

k. The relationship of the Department and the Viticulture Program under this Agreement shall be that of principal and independent contractor. It is understood by both the Department and the Viticulture Program that the Viticulture Program is not an employee of the Department. m. The Viticulture Program guarantees payment of compensation to injured workers according to the Nebraska Workers Compensation Act.

n. The Viticulture Program is required, and hereby agrees, to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the state of Nebraska. A federal immigration verification system means the electronic verification of the work authorization
program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1998, 4 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security, or other federal agency authorized to verify the work eligibility status of a newly hired employee.

and

NEBRASKA DEPARTMENT OF AGRICULTURE

#18-13-100

This Agreement entered into by and between the Nebraska Grape and Winery Board hereinafter called the “Board” and the Nebraska Department of Agriculture, hereinafter called the “Department,” provides for the funding from the Nebraska Grape and Winery Board to pay for a Wine Quality Assurance Feasibility Study.

WHEREAS, it has been proven that high-quality grapes are grown to create Nebraska wines;

WHEREAS, numerous awards have been won by Nebraska wineries at many of the most prestigious wine competitions proving Nebraska wines meet local favor and national acclaim;

WHEREAS, the Nebraska Grape and Winery Board, under Neb. Rev. Stat. §§ 53-301 to 53-305, has conducted a public board meeting and directed the Department to provide funds for a Wine Quality Assurance Feasibility Study;

WHEREAS, the activities approved by the Board assists in the betterment of Nebraska's grape and winery industry;

WHEREAS, both parties hereto desire to enter into this Agreement in order to further promote and expand Nebraska's grape and wine industry.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, it is agreed by and between the parties hereto that:

1. The Nebraska Grape and Winery Board approves the Department to expend up to ten thousand dollars ($10,000) from the Winery and Grape Producers' Promotional Fund to pay for a Wine Quality Assurance Feasibility Study. This study will determine how much money is needed to implement a wine quality assurance program in Nebraska. It will also help the Board assess as to whether implementing such a program in Nebraska is affordable. A Wine Quality Assurance Program would enable Nebraska wine makers to improve the quality of their wine, therefore, benefiting Nebraska's entire grape and wine industry.

2. The Board will establish a Request for Proposal (RFP) process to select a subcontractor from which to perform this study.
3. The Department and the Board will work together to obtain three (3) bids from potential subcontractors who are able to perform this study. Once the bids are obtained, the subcontractors will be competitively ranked and scored by the Board. The bids will be ranked against the evaluation criteria established in the RFP. The criteria and respective points for each area will be as follows:

a. Subcontractor's background and ability to perform the study in a timely manner (25 points);
b. Subcontractor’s proposed approach from which to perform and carry out this study (25 points); and
c. Subcontractor’s total cost to perform the study (50 points).

4. Duration of Agreement: This Agreement shall be in force and effective from October 31, 2009, to June 30, 2010.

5. The Department agrees to provide the funds, as set out above from the Winery and Grape Producers’ Promotional Fund.

6. Payment in the amount of up to ten thousand dollars ($10,000) from the Winery and Grape Producers’ Promotional Fund will be paid in full to the selected subcontractor upon both parties' signature to this Agreement and the Board incurring an obligation. Invoices shall be presented to the Department from which payments shall be made. Failure to present invoices prior to June 30, 2010, will result in nonpayment.

7. Funding for this project is subject to legislative appropriations and funding being available.

8. It is understood that, after the Agreement begins, if additional costs would be incurred, with the mutual written consent of all parties and, provided resources are available, this Agreement may be amended.

9. The Board shall utilize funds provided by the Department to conduct the duties called for in this Agreement. Department funds collected from a checkoff fee paid by the industry are not to be used to pay administrative or indirect costs.

10. The parties mutually agree as follows:

a. The Board shall:

   (2) Not discriminate against any employee or applicant for employment on the basis of race, color, religion, national origin, sex, or qualified disability.
   (3) It is further understood and agreed that, if the Board is in violation of this clause, it shall be barred forthwith from receiving further
funds, unless a satisfactory showing is made indicating discriminatory practices have terminated and a recurrence of such act or action is unlikely.

b. This Agreement incorporates the complete understanding of the parties. Any modification of the Agreement shall be in writing and executed by each party to be valid.

c. The Board agrees to have in force, during the Agreement period, and available for inspection, a policy regarding a drug-free workplace. The policy shall contain:

(1) A statement notifying employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in the Board workplace;

(2) The specific actions that will be taken against employees for violating the policy; and

(3) A requirement that each employee receives a copy of the policy.

d. To the extent allowed by Nebraska law, the Board shall indemnify and hold harmless the Department from any and all claims and liabilities, including costs and legal fees that may arise out of, or on account of, any failure on the part of the Board to perform such duties for the Department, as herein specified to the extent allowed by Nebraska law. This obligation shall survive the expiration or termination of this Agreement.

e. The books of account, files, and other records of the Board, which are applicable to this Agreement, shall be available for inspection, review, and audit by the Department and its representatives to determine the proper application and use of all funds paid to, and for the account or benefit of the Board.

f. The Board agrees to maintain all books, documents, papers, or other records involving transactions related to this Agreement for a period of five (5) years. Failure to present invoices prior to June 30, 2010, will result in nonpayment.

Funding for this project is subject to legislative appropriations and funding being available. Any unused funds shall be refunded to the Department and credited back to the Winery and Grape Producers’ Promotional Fund.

After the Agreement begins, it is understood that, if additional costs should be incurred, with the mutual written consent of all parties to this Agreement, and provided resources are available, this Agreement may be amended.

A license to operate a farm winery may be issued by the commission upon an applicant's compliance with section 53-123.12 and such other requirements as the commission adopts and promulgates by rule and regulation to administer §§53-101.02 and 53-123.10 to 53-123.13.

53-123.11  Farm winery license; rights of licensee; removal of unsealed bottle of wine; conditions.

(a) Sell wines produced at the farm winery onsite at wholesale and retail and to sell wines produced at the farm winery at off-premises sites holding the appropriate retail license;

(b) Sell wines produced at the farm winery at retail for consumption on the premises;

(c) Permit a customer to remove one unsealed bottle of wine for consumption off the premises. The licensee or his or her agent shall (A) securely reseal such bottle and place the bottle in a bag designed so that it is visibly apparent that the resealed bottle of wine has not been opened or tampered with and (B) provide a dated receipt to the customer and attach to such bag a copy of the dated receipt for the resealed bottle of wine.

(ii) If the resealed bottle of wine is transported in a motor vehicle, it must be placed in the trunk of the motor vehicle or the area behind the last upright seat of such motor vehicle if the area is not normally occupied by
the driver or a passenger and the motor vehicle is not equipped with a trunk;

(d) Ship wines produced at the farm winery by common carrier and sold at retail to recipients in and outside the State of Nebraska, if the output of such farm winery for each calendar year as reported to the commission by December 31 of each year does not exceed thirty thousand gallons. In the event such amount exceeds thirty thousand gallons, the farm winery shall be required to use a licensed wholesaler to distribute its wines for the following calendar year, except that this requirement shall not apply to wines produced and sold onsite at the farm winery pursuant to subdivision (1)(a) of this section;

(e) Allow sampling of the wine at the farm winery and at one branch outlet in the state in reasonable amounts;

(g) Purchase distilled spirits from licensed microdistilleries in Nebraska, in bulk or bottled, made entirely from Nebraska-licensed farm winery wine to be used in the production of fortified wine at the purchasing licensed farm winery.

53-123.12 Farm winery license; application requirements; fees.

Any person desiring to obtain a new license to operate a farm winery shall:

(1) File an application with the commission in triplicate original upon such forms as the commission from time to time prescribes;

The commission shall then notify, by registered or certified mail marked return receipt requested with postage prepaid, the municipal clerk of the city or incorporated village where such license is sought or, if the license is not sought within a city or incorporated village, the county clerk of the county where such license is sought of the receipt of the application and shall enclose with such notice one copy of the application. No such license shall then be issued by the commission until the expiration of at least forty-five days from the date of mailing such application by the commission. Within thirty-five days from the date of receipt of such application from the commission, the local governing bodies of nearby cities or villages or the county may make and submit to the commission recommendations relative to the granting of or refusal to grant such license to the applicant.

53-123.13 Farm winery; waiver of requirement; when; conditions.

(1) If the operator of a farm winery is unable to produce or purchase seventy-five percent of the grapes, fruit, or other suitable agricultural products used in the farm winery from within the state due to natural disaster which causes substantial loss to the Nebraska-grown crop, such operator may petition the commission to waive the seventy-five-percent requirement prescribed in subdivision (31) of section 53-103 for one year.

(2) It shall be within the discretion of the commission to waive the seventy-five-percent requirement taking into consideration the availability of products used in farm wineries in this area and the ability of such operator to produce wine from products that are abundant within the state.

(3) If the operator of a farm winery is granted a waiver, any product purchased as concentrated juice from grapes or other fruits from outside of Nebraska, when reconstituted from concentrate, may not exceed in total volume along with other products purchased the total percentage allowed by the waiver.

(4) Any product purchased under the waiver or as part of the twenty-five percent of allowable product purchased that is not Nebraska-grown for the production of wine shall not exceed the twenty-five percent volume allowed under state law if made from concentrated grapes or other fruit, when reconstituted. (2) The commission may issue a shipping license to a manufacturer. Such license shall allow the licensee to ship alcoholic liquor only to a licensed wholesaler, except that a licensed wholesaler may, without a shipping license and for the purposes of subdivision (2) of section 53-161, receive beer in this state which has been shipped from outside the state by a manufacturer in accordance with the Nebraska Liquor Control Act to the wholesaler, then transported by the wholesaler to another state for retail distribution, and then returned by the retailer to such wholesaler.

(3) The commission may issue a shipping license to any person who deals with vintage wines, which shipping license shall allow the licensee to distribute such wines to a licensed wholesaler in the state. For purposes of distributing vintage wines, a licensed shipper must utilize a designated wholesaler if the manufacturer has a designated wholesaler. For purposes of this section, vintage wine shall mean a wine verified to be ten years of age or older and not available from a primary American source of supply.

(4) The commission may issue a shipping license to any person who sells and ships alcoholic liquor from another state directly to a consumer in this state. A person who receives a license pursuant to this subsection shall pay the fee required in subdivision (11) of section 53-124. Until April 30, 2012, such fee shall be collected by the commission and remitted to the State Treasurer for credit to the Winery and Grape Producers' Promotional Fund.

(5) The application for a shipping license shall be in such form as the commission prescribes. The application shall contain all provisions the commission deems proper and necessary to effectuate the purpose of any section of the act and the rules and regulations of the commission that apply to manufacturers and shall include, but not be limited to, provisions that the applicant, in consideration of the issuance of such shipping license, agrees:

to such inspections and examinations made by duly authorized employees of the commission if within the United States; and

(c) That if the applicant violates any of the provisions of the application or the license, any section of the act, or any of the rules and regulations of the commission that apply to manufacturers, the commission may revoke or suspend such shipping license for such period of time as it may determine.
